~~(2) The tuition for a child with a disability must be determined under rules adopted by the superintendent of public instruction for the calculation of tuition for special education pupils.~~

~~(3) The tuition rate for out-of-district placement pursuant to 20-5-321(1)(d) and (1)(e) for a student without disabilities who requires a program with costs that exceed the average district costs must be determined as the actual individual costs of providing that program according to the following:~~

~~(a) the district of attendance and the district, person, or entity responsible for the tuition payments shall approve an agreement with the district of attendance for the tuition cost;~~

~~(b) for a Montana resident student, 80% of the maximum per-ANB rate established in 20-9-306(10), received in the year for which the tuition charges are calculated must be subtracted from the per-student program costs for a Montana resident student; and~~

~~(c) the maximum tuition rate paid to a district under this section may not exceed \$2,500 per ANB.~~

~~———— (4) When a child attends a public school of another state or province, the amount of daily tuition may not be greater than the average annual cost for each student in the child's district of residence. ~~———— (6) The amount, if any, charged for transportation may not exceed the lesser of the average transportation cost for each student in the child's district of residence or 25 cents a mile. The average expenditures for the district transportation fund for the preceding school fiscal year must be calculated by dividing the transportation fund expenditures by the October 1 enrollment for the preceding fiscal year.~~

~~———— (7) (a) Whenever a child has approval to attend a school in Montana that is outside of the state of residence of the parent or guardian of the child, the rate of tuition and transportation charged for a student must be set by the school district of attendance.~~

~~———— (c) Tuition collected under this subsection (7) may be deposited in the school district miscellaneous program fund.~~

~~———— **Section 2.** Section 20-9-311, MCA, is amended to read:~~

~~———— (a) compute an average enrollment by adding a count of regularly enrolled full-time pupils who were enrolled as of the first Monday in October of the prior school fiscal year to a count of regularly enrolled pupils on February 1 of the prior school fiscal year, or the next school day if those dates do not fall on a school day, and divide the sum by two; and~~

~~———— (b) multiply the average enrollment calculated in subsection (1)(a) by the sum of the pupil-instruction and~~

the approved pupil-instruction-related days for the current school fiscal year and divide by 180:

~~———— (2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-related days may be included in the calculation.~~

~~———— (4) Enrollment for a part of a morning session or a part of an afternoon session by a pupil must be counted as enrollment for one-half day.~~

~~———— (5) In calculating the ANB for pupils enrolled in a program established under 20-7-117(1), enrollment at a regular session of the program for at least 2 hours of either a morning or an afternoon session must be counted as one-half pupil for ANB purposes. The ANB for a kindergarten student may not exceed one-half for each kindergarten pupil.~~

~~———— (6) When a pupil has been absent, with or without excuse, for more than 10 consecutive school days, the pupil may not be included in the enrollment count used in the calculation of the ANB unless the pupil resumes attendance prior to the day of the enrollment count.~~

~~———— (7) The enrollment of prekindergarten pupils, as provided in 20-7-117, may not be included in the ANB calculations.~~

~~———— (8) The enrollment of a student residing in an outdoor behavioral program or a residential therapeutic school or program, as defined in 50-5-101, or a youth group home, as defined in 52-2-602, may not be included in the ANB calculation if the parent or legal guardian of the student is not a resident of the state of Montana as provided in 1-1-215.~~

Each district shall retain a percentage of its basic entitlement for 3 additional years as follows:~~

~~———(A) 75% of the basic entitlement for the fourth year;~~

~~———(B) 50% of the basic entitlement for the fifth year; and~~

~~———(c) a middle school has been approved and accredited, all pupils below the 7th grade must be considered elementary school pupils for ANB purposes and the 7th and 8th grade pupils must be considered high school pupils for ANB purposes; or~~

~~———(d) a school has not been accredited by the board of public education, the regularly enrolled, full-time pupils attending the nonaccredited school are not eligible for average number belonging calculation purposes, nor will an average number belonging for the nonaccredited school be used in determining the BASE funding program for the district.~~

~~———(9)(10) The district shall provide the superintendent of public instruction with semiannual reports of school attendance, absence, and enrollment for regularly enrolled students, using a format determined by the superintendent."~~
