

**PETITION AGAINST ASSISTED SUICIDE
FOR SB 116**

STATE OF MONTANA
COUNTY OF 6
DATE 2/9/11
FILE NO. SB 116

1. The Montana Supreme Court case, *Baxter v. State*, opened the door to legalizing assisted suicide in Montana. When making this ruling, the Court overlooked: its own precedent; elder abuse; and Montana's policies to prevent elder abuse and also to prevent suicide for people of "all ages."
2. The vast majority of states that have considered legalizing assisted suicide have rejected it. Only two states allow it.
3. SB 116 is a simple two sentence bill that overrules *Baxter* and prohibits assisted suicide, which *Baxter* called "aid in dying."

Please sign the petition below and let your voice be heard.

PETITION AGAINST ASSISTED SUICIDE FOR SB 116

1. The Montana Supreme Court case, *Baxter v. State*, opened the door to legalizing assisted suicide in Montana. When making this ruling, the Court overlooked: its own precedent; elder abuse; and Montana's policies to prevent elder abuse and also to prevent suicide for people of "all ages."
2. The vast majority of states that have considered legalizing assisted suicide have rejected it. Only two states allow it.
3. SB 116 is a simple two sentence bill that overrules *Baxter* and prohibits assisted suicide, which *Baxter* called "aid in dying."

Please sign the petition below and let your voice be heard.

**PETITION AGAINST ASSISTED SUICIDE
FOR SB 116**

1. The Montana Supreme Court case, *Baxter v. State*, opened the door to legalizing assisted suicide in Montana. When making this ruling, the Court overlooked: its own precedent; elder abuse; and Montana's policies to prevent elder abuse and also to prevent suicide for people of "all ages."
2. The vast majority of states that have considered legalizing assisted suicide have rejected it. Only two states allow it.
3. SB 116 is a simple two sentence bill that overrules *Baxter* and prohibits assisted suicide, which *Baxter* called "aid in dying."

Please sign the petition below and let your voice be heard.

1. The Montana Supreme Court case, *Baxter v. State*, opened the door to legalizing assisted suicide in Montana. When making this ruling, the Court overlooked: its own precedent; elder abuse; and Montana's policies to prevent elder abuse and also to prevent suicide for people of "all ages."
2. The vast majority of states that have considered legalizing assisted suicide have rejected it. Only two states allow it.
3. SB 116 is a simple two sentence bill that overrules *Baxter* and prohibits assisted suicide, which *Baxter* called "aid in dying."

PETITION AGAINST ASSISTED SUICIDE FOR SB 116

1. The Montana Supreme Court case, *Baxter v. State*, opened the door to legalizing assisted suicide in Montana. When making this ruling, the Court overlooked: its own precedent; elder abuse; and Montana's policies to prevent elder abuse and also to prevent suicide for people of "all ages."
2. The vast majority of states that have considered legalizing assisted suicide have rejected it. Only two states allow it.
3. SB 116 is a simple two sentence bill that overrules *Baxter* and prohibits assisted suicide, which *Baxter* called "aid in dying."

PETITION AGAINST ASSISTED SUICIDE FOR SB 116

1. The Montana Supreme Court case, *Baxter v. State*, opened the door to legalizing assisted suicide in Montana. When making this ruling, the Court overlooked: its own precedent; elder abuse; and Montana's policies to prevent elder abuse and also to prevent suicide for people of "all ages."
2. The vast majority of states that have considered legalizing assisted suicide have rejected it. Only two states allow it.
3. SB 116 is a simple two sentence bill that overrules *Baxter* and prohibits assisted suicide, which *Baxter* called "aid in dying."

Please sign the petition below and let your voice be heard.

**PETITION AGAINST ASSISTED SUICIDE
FOR SB 116**

1. The Montana Supreme Court case, *Baxter v. State*, opened the door to legalizing assisted suicide in Montana. When making this ruling, the Court overlooked: its own precedent; elder abuse; and Montana's policies to prevent elder abuse and also to prevent suicide for people of "all ages."
2. The vast majority of states that have considered legalizing assisted suicide have rejected it. Only two states allow it.
3. SB 116 is a simple two sentence bill that overrules *Baxter* and prohibits assisted suicide, which *Baxter* called "aid in dying."

Please sign the petition below and let your voice be heard.

PETITION AGAINST ASSISTED SUICIDE
FOR SB 116

1. The Montana Supreme Court case, *Baxter v. State*, opened the door to legalizing assisted suicide in Montana. When making this ruling, the Court overlooked its own precedent regarding elder abuse and Montana's policies to prevent elder abuse, and Montana's policies to prevent suicide for people of "all ages."
2. The vast majority of state that have considered legalizing assisted have rejected it. Only two states allow it.
3. SB 116 is a simple two sentence bill that overrules *Baxter* and prohibits assisted suicide, which *Baxter* called "aid in dying."

PLEASE SIGN THE PETITION TO MONTANA LEGISLATURE BELOW AND LET YOUR VOICE BE HEARD.

I oppose assisted suicide. I support legislation that prohibits assisted suicide in Montana. My signature is below.

PETITION AGAINST ASSISTED SUICIDE
FOR SB 116

1. The Montana Supreme Court case, *Baxter v. State*, opened the door to legalizing assisted suicide in Montana. When making this ruling, the Court overlooked its own precedent regarding elder abuse and Montana's policies to prevent elder abuse, and Montana's policies to prevent suicide for people of "all ages."
2. The vast majority of state that have considered legalizing assisted have rejected it. Only two states allow it.
3. SB 116 is a simple two sentence bill that overrules *Baxter* and prohibits assisted suicide, which *Baxter* called "aid in dying."

PLEASE SIGN THE PETITION TO MONTANA LEGISLATURE BELOW AND LET YOUR VOICE BE HEARD.

I oppose assisted suicide. I support legislation that prohibits assisted suicide in Montana. My signature is below.

Last year, the Montana Supreme Court issued a decision, which opened the door to the possible legalization of assisted suicide. In 2011, the legislature will likely take up the issue with bills on both sides. We need to tell the legislature that assisted suicide is a recipe for abuse.

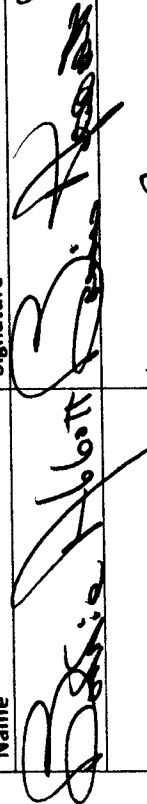

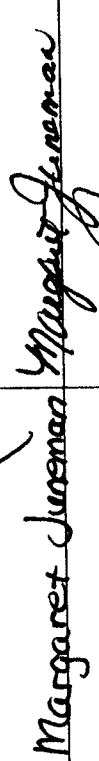

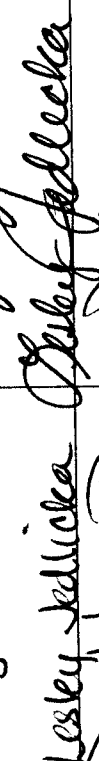

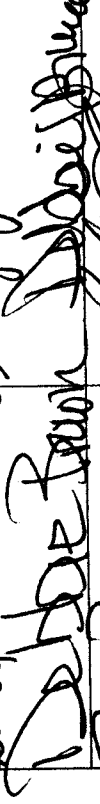

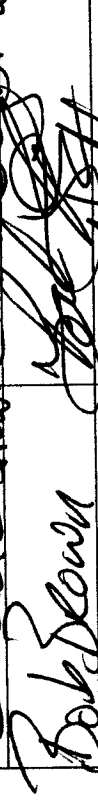

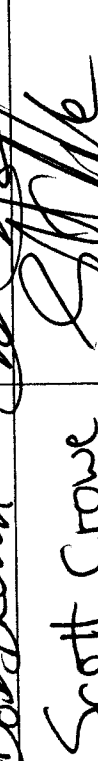

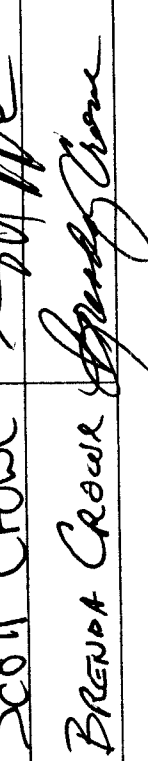

- * In January 2010, the New Hampshire state House rejected a bill that would have legalized assisted suicide by a vote of 242 to 113.
- * In April 2010, the Canadian Parliament rejected a bill that would have legalized assisted suicide by a vote of 228 to 59.
- * The vast majority of states to have considered assisted suicide have rejected it. Only two states allow it: Oregon and Washington.

**PETITION AGAINST ASSISTED SUICIDE
FOR SB 116**

1. The Montana Supreme Court case, *Baxter v. State*, opened the door to legalizing assisted suicide in Montana. When making this ruling, the Court overlooked: its own precedent; elder abuse; and Montana's policies to prevent elder abuse and also to prevent suicide for people of "all ages."
2. The vast majority of states that have considered legalizing assisted suicide have rejected it. Only two states allow it.
3. SB 116 is a simple two sentence bill that overrules *Baxter* and prohibits assisted suicide, which *Baxter* called "aid in dying."

Please sign the petition below and let your voice be heard.

PETITION AGAINST ASSISTED SUICIDE FOR SB 116

1. The Montana Supreme Court case, *Baxter v. State*, opened the door to legalizing assisted suicide in Montana. When making this ruling, the Court overlooked: its own precedent; elder abuse; and Montana's policies to prevent elder abuse and also to prevent suicide for people of "all ages."
2. The vast majority of states that have considered legalizing assisted suicide have rejected it. Only two states allow it.
3. SB 116 is a simple two sentence bill that overrules *Baxter* and prohibits assisted suicide, which *Baxter* called "aid in dying."

TOTAL P.04

PETITION AGAINST ASSISTED SUICIDE FOR SB 116

1. The Montana Supreme Court case, *Baxter v. State*, opened the door to legalizing assisted suicide in Montana. When making this ruling, the Court overlooked: its own precedent; elder abuse; and Montana's policies to prevent elder abuse and also to prevent suicide for people of "all ages."
2. The vast majority of states that have considered legalizing assisted suicide have rejected it. Only two states allow it.
3. SB 116 is a simple two sentence bill that overrules *Baxter* and prohibits assisted suicide, which *Baxter* called "aid in dying."

PETITION AGAINST ASSISTED SUICIDE FOR SB 116

1. The Montana Supreme Court case, *Baxter v. State*, opened the door to legalizing assisted suicide in Montana. When making this ruling, the Court overlooked: its own precedent; elder abuse; and Montana's policies to prevent elder abuse and also to prevent suicide for people of "all ages."
2. The vast majority of states that have considered legalizing assisted suicide have rejected it. Only two states allow it.
3. SB 116 is a simple two sentence bill that overrules *Baxter* and prohibits assisted suicide, which *Baxter* called "aid in dying."
