BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

Section 1. Section 2-18-1302, MCA, is amended to read:

"2-18-1302. Purpose and intent. The legislature finds that escalating health care expenses, particularly the increasing cost of medical treatment and health insurance, constitute a substantial financial burden during and after an employee's working career. The purpose of this part is to provide a means by which public employers may contribute to a plan established under a qualified tax-exempt trust organization to assist public employees, and their dependents, ~~and their beneficiaries~~ with paying for qualified health care expenses. Under the plan, employer contributions, investment earnings, and payments for qualified health care expenses are tax-exempt. The legislature also finds that centralized statewide administration offers a consistent approach and is more cost-effective, especially for smaller employers. However, the legislature does not intend to prohibit an employer from establishing a similar program as an alternative or in addition to participation in the statewide program provided for in this part. Additionally, the legislature intends to facilitate a grassroots process to determine plan participation."
