1 (2) To expedite construction of new low-side housing units at the Montana state prison, the
2 department of administration, in consultation with the department of corrections, is authorized to purchase plans
3 for prison housing that was constructed in another state, provided the plans can be made to comply with the

7 authorize the new facility unless it also appropriates funds for the increase in state funding for program
8 expansion and operations and maintenance. To the extent allowed by law, at the end of each fiscal year
9 following approval of a new facility but prior to receipt of its certificate of occupancy, the appropriation made in
10 this subsection (3) reverts to its originating fund. The appropriation is not subject to the provisions of 17-7-304.

25 before the receipt of other funding sources.

27 NEW SECTION. Section 4. Capital projects -- contingent funds. (1) If a capital project is financed
28 in whole or in part with appropriations contingent on the receipt of other funding sources, the department of

1 administration may not let the project for bid until a financial plan and agreement with the agency has been
2 approved by the director of the department of administration. A financial plan and agreement may not be

14 conservation program for funding consideration by the state building energy conservation program. Funding
15 provided under the energy conservation program guidelines must be used to offset or add to the authorized
