4
5 A BILL FOR AN ACT ENTITLED: "AN ACT REVISING THE COMMUNICATIONS ADVISORY COMMISSION;
6 REVISING THE CHALLENGE PROCESS; PROVIDING RULEMAKING AUTHORITY; PROVIDING FOR AN
7 APPLICATION FEE; PROVIDING DEFINITIONS; AMENDING SECTIONS 90-1-602, 90-1-603, 90-1-604, 90-1-
8 605, 90-1-606, 90-1-607, 90-1-608, AND 90-1-609, MCA; AMENDING SECTION 13, CHAPTER 449, LAWS
9 OF 2021; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE."

10
11 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

12
13 **Section 1.** Section 90-1-602, MCA, is amended to read:

14 **"90-1-602. (Temporary) Definitions.** As used in this part, unless the context clearly indicates
15 otherwise, the following definitions apply:

16 (1) (a) "Broadband" means a mass-market retail service by wire or radio that provides the
17 capability to transmit data to and receive data from all or substantially all internet endpoints. The term includes
18 capabilities that are incidental to and enable the operation of the communications service.

19 (b) The term does not include dial-up internet access service.

20 ~~(1)(2) "Broadband service" means any commercially mature, universally available, terrestrially~~
21 ~~deployed technology having the capacity to transmit data from or to the internet at minimum speeds~~
22 ~~downstream and upstream at low latency to accommodate adequate and commonly used internet-based~~
23 ~~applications for residential, commercial, or government use. "Broadband equity, access, and deployment~~
24 ~~program" means the program established by the Infrastructure Investment and Jobs Act, Public Law 117-58,~~
25 ~~and implemented by the national telecommunications and information administration.~~

26 ~~(2)(3) "Broadband service infrastructure" means the signal transmission facilities and associated~~
27 ~~network equipment proposed to be deployed in a project area used for the provision of broadband service to~~

1 residential, business, and government customers.

2 (4) "Challenge" means a contest to a proposal submitted to the department for funding on the
3 grounds as provided for by the national telecommunications and information administration.

4 (5) "Commission" means the communications advisory commission established in 90-1-603.

5 (6) "Community anchor institution" means an entity such as a school, library, health clinic, health
6 center, hospital or other medical provider, public safety entity, institution of higher education, or community
7 support organization.

8 ~~(3)~~(7) "Department" means the department of commerce administration.

9 ~~(4)~~(8) "Eligible provider" means an entity that:

10 (a) has authorization to do business in the state; and

11 (b) has demonstrated that it has the technical, financial, and managerial resources and experience
12 to provide broadband service or other communications service to customers in the state.

13 (9) "Extremely high cost per location threshold" is a subsidy cost for each location to be utilized
14 during the proposal selection process in which a proposal may be declined if use of an alternative technology
15 meeting the broadband, equity, access, and deployment program program's technical requirements would be
16 less expensive.

17 ~~(5)~~(10) "FCC" means the federal communications commission.

18 ~~(6) "Frontier area" means an area where there is no or extremely limited terrestrial broadband service.~~

19 (11) "High-cost area" means an unserved area in which the cost of building out broadband service
20 is fiscally imprudent, and the area contains no less than 80% of unserved broadband-serviceable locations.

21 (12) "Last mile" means broadband infrastructure that serves as the final leg connecting the
22 broadband service provider's network to the end-user customer's premises.

23 ~~(7) "Low latency" means latency that is sufficiently low to allow multiple, simultaneous, real time~~
24 ~~interactive applications.~~

25 (13) "Middle mile" means broadband infrastructure that does not connect directly to an end-user
26 location, including a community anchor institution, and includes leased dark fiber, interoffice transport,
27 backhaul, transport connectivity to data centers, special access transport and other similar services, and wired

1 or private wireless broadband infrastructure, including microwave capacity, radio tower access, and other
2 services or infrastructure for wireless broadband network, such as towers, fiber, and microwave links.

3

4 ~~(8)(14)~~ "Project" means a proposed deployment of broadband service infrastructure set forth in a
5 proposal for funding authorized under this part.

6 ~~(9)(15)~~ "Project area" means a shapefile area in an unserved or underserved area where the proposed
7 broadband service infrastructure would be built as described in a proposal for funding authorized under this
8 part.

9 ~~(10)(16)~~ "Shapefile" means a GIS file format for storing, depicting, and analyzing geospatial data
10 depicting broadband coverage. It is made up of several component files, such as a main file (.shp), an index file
11 (.shx), and a dBASE table (.dbf).

12 ~~(11)(17)~~ "Underserved area" means ~~an area where at least 10% of the delivery points have no access~~
13 ~~to broadband service offered with a download speed range of at least 100 megabits per second and an upload~~
14 ~~speed of at least 20 megabits per second or less with low latency~~ a location or area that is not an unserved
15 location and that lacks access to broadband service offered with a speed of not less than 100 megabits per
16 second for downloads, a speed of not less than 20 megabits per second for uploads, and latency less than or
17 equal to 100 milliseconds.

18 ~~(18)~~ "Underserved service project" means a project in which not less than 80% of broadband-
19 serviceable locations served by the project are unserved areas or underserved areas.

20 ~~(12)(19)~~ "Unserved area" means ~~a project area where at least 10% of delivery points have no access to~~
21 ~~broadband service or have no access to services operating with a download speed of at least 25 megabits per~~
22 ~~second and upload speed of at least 10 megabits per second with low latency~~ broadband-serviceable location
23 or area that has no access to broadband service or lacks service offered with a speed of not less than 25
24 megabits per second for downloads, a speed of not less than 3 megabits per second for uploads, and a latency
25 less than or equal to 100 milliseconds.

26 ~~(20)~~ "Unserved service project" means a project in which not less than 80% of broadband-
27 serviceable locations served by the project are unserved locations. An unserved service project may be as

3 **Section 2.** Section 90-1-603, MCA, is amended to read:

4 **"90-1-603. (Temporary) Establishment of program -- administration and funding.** (1) There is a
5 communications advisory commission that consists of nine members who must be appointed as follows:

6 (a) six legislators appointed by the president of the senate;

7 (b) the governor's director of the office of budget and program planning;

8 (c) the governor's chief economic development officer; and

9 (d) the governor's director of administration.

10 (2) The commission may provide parameters governing the submission and funding of broadband
11 deployment grants as allowed by state and federal law or regulation.

12 ~~(4)(3)~~ The department shall establish the broadband infrastructure deployment program and shall
13 administer and act as the fiscal agent for the program and is responsible for receiving and reviewing responsive
14 proposals and awarding contracts after review by the communications advisory commission provided for in
15 Chapter 401, Laws of 2021, and the governor's approval. A request for proposal may be cancelled or any
16 proposal may be rejected in whole or in part when it is in the best interests of the state under the direction of the
17 governor's chief economic development officer and with advice from the commission.

18 (4) The department shall develop parameters in accordance with state and federal law and federal
19 guidance for the deployment of broadband funds with advice from the governor's chief economic development
20 officer and the commission. The department shall make all materials available for public comment at least 14
21 days in advance of consideration by the commission.

22 (5) The governor's chief economic development officer, with advice from the commission, shall
23 review materials as required by the national telecommunications and information administration prior to
24 submission for approval, deployment plans, and grant award recommendations made by the department.

25 (6) The commission may cancel or reject an eligible proposal in whole or in part when it is in the
26 best interests of the state.

27 (7) The commission shall submit to the governor grant award recommendations for final approval.

1 (8) Appointed members of the commission must be compensated and receive travel expenses as
2 provided in 2-15-124 for each day in attendance at commission meetings or in the performance of any duty or
3 service as a commission member.

4 (9) The department of administration shall staff the commission.

5 (10) Funding for the commission is allocated from the administrative costs allowed in subsection
6 (11).

7 ~~(2)(11)~~ Funding for the program established under this section is subject to appropriations from
8 general fund revenue, from bonds issued by the department, or federal broadband stimulus funds or other
9 federal funds appropriated by congress and allocated to the department for funding of broadband
10 communications projects. The department may retain up to 2% of federal funding to support program
11 administration as provided for by the national telecommunications and information administration. The
12 department shall report administrative expenditures to the commission on a quarterly basis. (Terminates on
13 occurrence of contingency--sec. 13, Ch. 449, L. 2021.)"

14

15 **Section 3.** Section 90-1-604, MCA, is amended to read:

16 **"90-1-604. (Temporary) Eligible projects.** (1) An eligible ~~provider proposal~~ may be awarded funding
17 under this section, consistent with the national telecommunications and information administration, for a project
18 in a project area that, as of the date the proposal is filed, constitutes an unserved or underserved area. Funds
19 ~~may not be used to support noncapital expenses, including general operations of an eligible provider,~~
20 ~~nonbroadband services, marketing, or advertising.~~ must be used in accordance with the requirements set forth
21 in the Infrastructure Investment and Jobs Act, Public Law 117-58, and as established by the national
22 telecommunications and information administration.

23 (2) The project area, including middle-mile or last-mile proposals, to be served by a project funded
24 under the program must be described on a shapefile basis.

25 (3) The department may issue requests for proposals or accept proposals from eligible providers
26 or solicit proposals for specific eligible projects as designated by the department, which would be submitted as
27 proposals pursuant to this part.

1 (4) A broadband project may be recommended to the commission for disqualification on the basis
2 that the location surpasses the extremely high cost per location threshold, high-cost area calculation, or for
3 other valid reasons subject to approval by the national telecommunications and information administration.

4 (5) If no broadband service technology meeting national telecommunications and information
5 administration's technical requirements is deployable for a subsidy of less than the extremely high cost per
6 location threshold at a given location, the commission is authorized to recommend a proposal involving a less
7 costly technology for that location, even if that technology does not provide reliable broadband service but
8 otherwise satisfies the program's technical requirements.

9 (6) Middle-mile or last-mile broadband deployment projects may be recommended by the
10 commission if the responsive proposal meets the requirements set forth by the national telecommunications
11 and information administration.

12 (7) On recommendation by the commission, the department may request proposals from eligible
13 providers for unserved service projects or underserved service projects if no acceptable application is submitted
14 for funding consideration. (Terminates on occurrence of contingency--sec. 13, Ch. 449, L. 2021.)"

15
16 **Section 4.** Section 90-1-605, MCA, is amended to read:

17 **"90-1-605. (Temporary) Eligible proposals.** (1) Eligible providers who submit responsive proposals:

18 (4)(a) may not receive funds under any other federal or state government grant or loan program
19 where government funding supports 100% of the proposed project's capital costs;

20 (2)(b) shall commit to paying a minimum of 20% of the project costs not less than the minimum
21 matching amount required by the Infrastructure Investment and Jobs Act, Public Law 117-58, and may not
22 provide a minimum matching amount from any funds derived from government grants or subsidies, except for
23 federal funds designated by the Infrastructure Investment and Jobs Act, Public Law 117-58 for broadband
24 deployment. Priority will be given to the eligible provider who contributes the largest percentage of costs from
25 its own funds. Local and tribal governments, in partnership with an eligible provider, may provide funding for
26 broadband infrastructure projects consistent with the provisions of this part, except that such funds may not be

3 service or other communications services to end-user residential or business customers in the state, unless the
4 government entity or tribe applies in partnership with an eligible broadband service provider; and

5 (d) shall to the extent required by state or federal law, comply with any affordability requirements.

6
7
8 (2) The department, with approval from the commission, may submit a match waiver to the
9 national telecommunications and information administration if a proposal is within an extremely high cost per
10 location threshold or high-cost area or if the commission considers additional special circumstances exist and
11 that a waiver would serve the public interest and effectuate the purposes of the broadband, equity, access, and
12 deployment program. (Terminates on occurrence of contingency--sec. 13, Ch. 449, L. 2021.)"

14 **Section 5.** Section 90-1-606, MCA, is amended to read:

15 **"90-1-606. (Temporary) Proposals.** (1) The department shall establish a location prioritized
16 timeframe commencing an open process for submission of proposals for funding under the proposal program
17 established in this part. The window for submission must be at least 60 days and not more than 90 days for any
18 shapefile area designation.

19 (2) (a) An eligible provider shall submit a proposal to the department on a form prescribed by the
20 department. A responsive proposal must include the following information:

21 (a)(i) evidence demonstrating the provider's technical, financial, and managerial resources and
22 experience to provide broadband service or other communications services to customers in the state and the
23 ability to build, operate, and manage broadband service networks serving business and residential customers in
24 the state;

2 facilities, equipment, and network capabilities that include minimum speed thresholds;

3 ~~(d)(iv)~~ evidence, including a certification from the proposal signatory, demonstrating the unserved or
4 underserved nature of the project area to the best of the provider's knowledge;

5 ~~(e)(v)~~ the number of households, businesses, and public institutions or entities that would have new
6 access to broadband service as a result of the proposal;

7 ~~(f)(vi)~~ the total cost of the proposed project and the timeframe in which it will be completed;

8 ~~(g)(vii)~~ the amount of matching funds, including funds from local or tribal governments, and ~~except for~~
9 ~~federal funds designated for broadband deployment, that the eligible provider proposes to contribute and a~~
10 ~~certification that no portion of the provider's matching funds are derived from any federal or state grant program~~
11 ~~or federal funds as allowed by the Infrastructure Investment and Jobs Act, Public Law 117-58, and the national~~

13 ~~(h)(viii)~~ a preliminary list of all government authorizations, permits, and other approvals required in
14 connection with the proposed deployment, and an estimated timetable for the acquisition of the approvals and
15 the completion of the proposed project.

16 ~~(b)~~ The department may request additional information as necessary to review the proposed
17 application. Applications that fail to provide the requirements in this section must be submitted to the
18 commission for review. The commission may review the applications and cancel those that do not meet the
19 requirements of this section.

20 (3) The department shall treat any information that is not publicly available as confidential and
21 subject to the trade secrets protections of state law upon an eligible provider's request for confidential
22 treatment, except that shapefile information depicting broadband coverage in the proposal must be publicly
23 disclosed in sufficient detail to enable a challenging provider to identify the project area proposed to be covered
