Governor Greg Gianforte –

I am writing to express interest in joining the MT Board of Radiologic Technologists.

I have been a radiologic technologist since 2006, with time spent in both Montana and Washington working as a technologist, and now since 2017 serving in the program director and primary instructor role at Highlands College – Montana Technological University in Butte for the AAS Radiologic Technology program offered there.

Serving on the board as an educator and experienced technologist, I hope to add to the robust and meaningful discussions and decision the board makes, particularly at this time of great demand for technologists in the Montana healthcare workforce. I hope to bring my expertise and educational perspective to the board; working to make the profession of radiologic technology in the state of Montana the best it can be for the patients we serve.

Thank you for your consideration of my application.

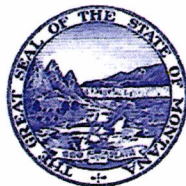

Best,
