9 which experience resulted in the payment of money, by the plan or

11 except that an adjustment to a health care provider's premiums  
12 may not be made under this section prior to the receipt of the

14 award.

15 (3) Nothing in this section restricts the insurer's right  
16 of comparative contribution or indemnity in accordance with the

19 NEW SECTION. **Section 17. Availability and effectiveness of**

20 **health care liability insurance.** A health care liability  
21 insurance policy written under the provisions of [section 3] may  
22 not be canceled or nonrenewed except for nonpayment of premiums  
23 or unless the health care provider's license is revoked by the  
24 appropriate licensing board. A health care provider whose license  
25 is revoked must be permitted to buy out of a claims-made policy.

26

27 NEW SECTION. **Section 18. Rulemaking authority.** The

1 department or commissioner may promulgate rules that are  
2 necessary to enable the department or commissioner to perform  
3 their respective responsibilities under [sections 1 through 32].  
4

5 NEW SECTION. **Section 19. Injured patients and families**  
6 **compensation fund established -- integrity.** (1) There is an  
7 injured patients and families compensation fund within the state  
8 treasury.

9 (2) Except as provided in subsection (3), all premiums and  
10 other money paid to the fund, all property and securities  
11 acquired through the use of money belonging to the fund, and all  
12 interest and dividends earned on money belonging to the fund are  
13 the sole property of the fund and must be used exclusively for  
14 the operations and obligations of the fund. The money collected  
15 by the fund for claims for injuries occurring on or after [the  
16 applicability date of this section] may not be used for any other  
17 purpose and may not be transferred by the legislature to other  
18 funds or used for other programs. However, fund money must be  
19 invested by the board of investments provided for in 2-15-1808  
20 and, subject to the investment agreement with the board of  
21 investments, the earnings on investments are the sole property of  
22 the fund as provided in this section.

23 (3) The expenditure of money from the fund for  
24 administration of the plan, the fund, the board, and the council  
25 are considered to be operations of the fund for the purposes of  
26 subsection (2).  
27

1           NEW SECTION.   **Section 20. Purpose of fund.** (1) The fund is  
2 established to curb the rising costs of liability insurance by  
3 financing part of the liability incurred by health care providers  
4 as a result of medical negligence claims and to ensure that  
5 proper claims are satisfied. The purpose of the fund is to pay  
6 for:

7           (a) the portion of a medical negligence award or judgment  
8 that is in excess of \$500,000 or the maximum liability limit for  
9 which the health care provider is insured, whichever limit is

19 payment of claims; and

20           (d) the administrative expenses of the fund.

21           (3) The coverage provided by the fund begins [the  
22 applicability date of this section].

10 association;

11 (e) one person to be named by the Montana hospital  
12 association;

13 (f) the commissioner or the commissioner's designated  
14 representative. If the commissioner appoints a designated  
15 representative, the representative must be employed by the office  
16 of the commissioner. The commissioner or the commissioner's  
17 representative serves as the presiding officer of the board.

18 (g) four public members, at least two of whom are not  
19 attorneys or physicians and are not professionally affiliated  
20 with any health care facility or insurance company, appointed by  
21 the governor.

22 (4) (a) Except as provided in subsections (4) (b) and (5),  
23 each member of the board, except the insurance commissioner,  
24 serves for a term of 3 years and may not serve for more than two  
25 consecutive terms.

26 (b) A vacancy on the board must be filled in the same  
27 manner as the original appointment and the term of the person

1 appointed to fill the vacancy expires on the date of the original  
2 appointee's term.

3 (5) A member may be removed from the board only for  
4 malfeasance, misfeasance, or nonfeasance, as determined by a 3/4  
5 majority of the board or by a court of competent jurisdiction.

6 (6) (a) Except as provided in subsection (6) (b), each board  
7 member is compensated at the rate of \$50 for each day of board  
8 business conducted by the member and approved by the board, plus  
9 expenses as provided for in 2-18-501 through 2-18-503.

10 (b) A board member who is an employee of the state or any

14

1 and charge premiums for the classifications so that the fund will  
2 be neither more nor less than self-supporting. The  
3 classifications and the initial premium rates for the  
4 classifications must be adopted pursuant to Title 2, chapter 4,  
5 parts 2 through 4. Subsequent to initially adopting the  
6 classifications and premiums, the board may change the  
7 classifications or premiums by using a method set forth in rules.  
8 The contested case rights and provisions of Title 2, chapter 4,  
9 do not apply to a health care provider's classification or  
10 premium rate. Except as provided in [sections 1 through 32], a  
11 person may not, without first obtaining the written permission of  
12 the health care provider, use, sell, or distribute the health  
13 care provider's specific loss information, including but not  
14 limited to experience modification factors.

15 (e) hire personnel;

16 (f) declare dividends if there is an excess of assets over  
17 liabilities. However, dividends may not be paid until adequate

20 (h) expend funds for scholarship, educational, or  
21 charitable purposes; and

22 (i) perform all functions and exercise all powers of a  
23 private insurance carrier that are necessary, appropriate, or  
24 convenient for the administration of the fund.

25 (4) The fund shall include a provision in every policy of  
26 insurance issued pursuant to [sections 1 through 32] that  
27 incorporates the restriction on the use and transfer of money

1 collected by the fund as provided for in [section 19].

2 (5) Consistent with the provisions of Title 18, the  
3 commissioner shall adopt rules governing the procedures for  
4 creating and implementing a contract allowed under this section  
5 before entering into a contract. A contract executed under this  
6 section is subject to all nondiscrimination requirements  
7 applicable to public contracts under Title 18.

8 (6) If a contract is awarded under this section, the  
9 contractor shall report at least annually to the commissioner and  
10 the board all contract-related expenses incurred, including  
11 arrangements regarding the subcontracting of services.

12 (7) If the board approves, a contractor may hire legal  
13 counsel as needed to provide staff services for administration of  
14 the plan or fund.

15  
16 NEW SECTION. **Section 23. Premiums for fund.** Each health  
17 care provider shall pay to the fund an annual premium based on  
18 the following considerations:

19 (1) the past and prospective loss and expense experience in  
20 different types of practice;

21 (2) the past and prospective loss and expense experience of  
22 the fund;

23 (3) the loss and expense experience of the individual  
24 health care provider that resulted in the payment of money, from  
25 the fund or other sources, for damages for medical negligence,  
26 except that an adjustment to a health care provider's premiums  
27 may not be made under this subsection prior to the receipt of the

1 recommendation of the council and the expiration of the time  
2 period provided under [section 30(4)] for the health care  
3 provider to comment, or prior to the expiration of the time  
4 period under [section 30(1)];

5 (4) risk factors for a person who is semiretired or a part-  
6 time professional;

7 (5) for a health care provider described in [section  
8 4(1)(d), (1)(e), or (1)(f)], risk factors and past and  
9 prospective loss and expense experience attributable to employees  
10 of that health care provider other than an employee licensed as a  
11 physician or an advanced practice registered nurse; and

12 (6) other factors considered by the board to promote equity  
13 among the health care providers who pay premiums under this  
14 section.

15

16 **NEW SECTION. Section 24. Fund accounting and audit.** (1)

17 The commissioner may expend money from the fund only after  
18 approval by the board.

19 (2) All books, records, and audits of the fund, except  
20 confidential claims information, are open to the public for  
21 reasonable inspection.

22 (3) Every person authorized to receive deposits for,  
23 withdraw money from, or otherwise disburse any money from the  
24 fund shall post a bond in an amount reasonably sufficient to  
25 protect fund assets. The cost of the bond must be paid from the  
26 fund.

27 (4) After the close of each fiscal year, the board shall

1 furnish a financial report to the commissioner. The report must  
2 be prepared in accordance with generally accepted accounting  
3 principles and must include the present value of all claims  
4 reserves, including reserves for claims incurred but not  
5 reported, and all other information as required by the  
6 commissioner. The board shall furnish an appropriate summary of  
7 the report to all fund participants.

8 (5) The board shall also prepare and submit to the state  
9 board of investments and the department of administration a  
10 quarterly report projecting the future cash flow needs of the  
11 fund.

12  
13 NEW SECTION. **Section 25. Claims procedure.** (1) A person  
14 may file a claim for damages for medical negligence arising out  
15 of the rendering of medical care or services within this state  
16 against a health care provider or an employee of a health care  
17 provider. A person who files a claim may recover from the fund  
18 only if the health care provider or the employee of the health  
19 care provider has coverage under the fund, the fund is named as a  
20 party in the action, and the action against the fund is commenced  
21 within the same time limitation within which the action against  
22 the health care provider or employee of the health care provider  
23 must be commenced.

24 (2) (a) A person may file an action for damages for medical  
25 negligence arising out of the rendering of medical care or  
26 services outside this state against a health care provider or an  
27 employee of a health care provider. A person filing an action

1 under this subsection (2) may recover from the fund only if the  
2 health care provider or the employee of the health care provider  
3 has coverage under the fund, the fund is named as a party in the  
4 action, and the action against the fund is commenced within the  
5 same time limitation within which the action against the health  
6 care provider or employee of the health care provider must be  
7 commenced.

8 (b) If the law or rules of procedure of the jurisdiction in  
9 which the action is brought do not permit naming the fund as a  
10 party, the person filing the action may recover from the fund  
11 only if:

12 (i) the health care provider or the employee of the health  
13 care provider has coverage under the fund; and

14 (ii) except as provided in subsection (2)(c), the person  
15 filing the action notifies the commissioner, as the  
16 representative of the fund, of the action within 60 days of  
17 service of process on the health care provider or the employee of  
18 the health care provider.

19 (c) The board may extend the 60-day time limit if it finds  
20 that enforcement of the time limit would be prejudicial to the  
21 purposes of the fund and would not benefit either the insured or  
22 the claimant.

23 (3) If, after reviewing the facts upon which the claim or  
24 action is based, it appears reasonably probable that damages paid  
25 will exceed \$500,000 or the maximum liability limit for which the  
26 health care provider is insured, whichever is greater, the board  
27 may:

1 (a) appear and actively defend itself whenever the board or  
2 the fund is named as a party in an action against a health care  
3 provider or an employee of a health care provider that has  
4 coverage under the fund;

5 (b) retain counsel; or

6 (c) pay out of the fund attorney fees and expenses,  
7 including court costs incurred and awarded in defending the  
8 insured, the plan, or the fund.

9 (4) If legal counsel is retained under subsection (3)(b),  
10 the attorney or law firm retained may not be retained or employed  
11 by the board to perform legal services for the board, other than  
12 those services directly connected with defending the insured, the  
13 plan, or the fund.

14 (5) A judgment affecting the fund may be appealed as  
15 provided by law. The board is not required to file any  
16 undertaking in any judicial action, proceeding, or appeal.

17 (6) The insurer or a self-insurer providing, respectively,  
18 insurance or self-insurance for a health care provider who is  
19 also covered by the fund must provide an adequate defense of the  
20 fund on any claim filed that may potentially affect the fund with  
21 respect to the insurance contract or self-insurance contract. The  
22 insurer or self-insurer shall act in good faith and in a  
23 fiduciary relationship with respect to any claim affecting the  
24 fund. A settlement that exceeds an amount that could require  
25 payment from the fund may not be agreed to unless approved by the  
26 board.

27 (7) A health care provider with a cash or surety bond in

1 effect to insure the health care provider against medical  
2 negligence shall:

3 (a) provide an adequate defense of the fund on any medical  
4 negligence claim filed that may affect the fund; and

5 (b) act in good faith and in a fiduciary relationship with  
6 respect to any claim affecting the fund.

7 (8) A person who has recovered a final judgment or a  
8 settlement approved by the board against a health care provider  
9 or an employee of a health care provider that has coverage under  
10 the fund may file a claim with the board to recover the greater  
11 of:

12 (a) the portion of the judgment or settlement that is in  
13 excess of \$500,000; or

14 (b) the maximum liability limit for which the health care  
15 provider is insured.

16 (9)(a) If the fund incurs liability for future payments  
17 that exceed \$1 million to any person under a single claim as the  
18 result of a settlement or judgment that is entered into or  
19 rendered under [sections 1 through 32] for medical negligence  
20 that occurred on or after [the applicability date of this  
21 section], the board shall pay from the fund, after deducting the  
22 reasonable costs of collection attributable to the remaining  
23 liability, including attorney fees reduced to present value, all  
24 relevant medical expenses each year, plus an amount, not to  
25 exceed \$500,000 per year, that will pay the remaining liability  
26 over the person's anticipated lifetime or until the liability is  
27 paid in full.

LC5000

1 (b) If the remaining liability is not paid in full before  
2 the person dies, the board may pay from the fund the remaining  
3 liability in a lump sum.

4 (10) Payments must be made from money collected and paid  
5 into the fund under [section 23] and from earnings on the fund.

6 (11)(a) Except as provided in [section 12] or subsection  
7 (9)(b), for a claim subject to a periodic payment made under this  
8 section, payments must be made until the claim has been paid in  
9 full. Periodic payments made under this section include direct or  
10 indirect payment or a commitment of money to or on behalf of any  
11 person under a single claim by any funding mechanism.

12 (b) Except as provided in subsection (11)(c), interest on a  
13 claim is not paid by the fund.

14 (c) If there is an offer of settlement by a claimant under  
15 this section that is not accepted and the claimant recovers a  
16 judgment that is greater than or equal to the amount specified in  
17 the offer of settlement, the claimant is entitled to interest at  
18 the annual rate of 12% on the full amount recovered. Interest  
19 accrues from the date of the offer of settlement until the amount  
20 of the settlement, plus the accrued interest, is paid in full.

21 (12)(a) Claims payable from the fund must be paid in the  
22 order received within 90 days after filing unless appealed by the  
23 board.

24 (b) If the amount of money in the fund is insufficient to  
25 pay all of the payable claims, payable claims received after the  
26 amount in the fund is exhausted are payable immediately in the  
27 following year in the order in which the payable claims were

1 received.

2

3 NEW SECTION. **Section 26. Fund income -- reports --**

4 **reinsurance.** (1) All income derived from investments of the  
5 fund's assets must be credited to the fund.

6 (2) On or before December 31 of each year, the board shall  
7 submit a report on the financial and operational status of the  
8 fund to the legislature as provided in 5-11-210.

9 (3) Subject to approval by the commissioner, the board may  
10 cede reinsurance to an insurer authorized to do business in this  
11 state or pursue other loss-funding management to preserve the  
12 solvency and integrity of the fund. The commissioner may  
13 prescribe controls over or other conditions on the use of  
14 reinsurance or other loss-funding management mechanisms.

15

16 NEW SECTION. **Section 27. Actions against insurers,**

17 **self-insurers, or providers.** The board may bring an action  
18 against an insurer, self-insurer, or health care provider for  
19 failure to act in good faith or breach of fiduciary  
20 responsibility under [section 25(6) or (7)].

21

22 NEW SECTION. **Section 28. Injured patients and families**

23 **compensation fund peer review council -- members -- meetings --**

24 **assessments -- compensation -- report.** (1) There is an injured  
25 patients and families compensation fund peer review council.

26 (2) (a) The board shall appoint five individuals to serve as  
27 the council.

1 (b) No more than three of the appointees may be physicians  
2 who are actively engaged in the practice of medicine in this  
3 state.

4 (c) The board shall annually designate:

5 (i) the presiding officer of the council who:

6 (A) must be a physician; and

7 (B) serves as an ex officio, nonvoting member of the board  
8 of medical examiners; and

9 (ii) the vice presiding officer of the council and the  
10 secretary of the council.

11 (3) A majority of the members of the council constitutes a  
12 quorum for the purpose of conducting business.

13 (4) Council members serve staggered 3-year terms. A  
14 council member may not serve for more than two consecutive terms.

15 (5) The council shall meet at the call of the presiding  
16 officer of the council, the presiding officer of the board, or by  
17 an affirmative vote of at least three members of the council. The  
18 council shall meet in Helena or at an alternate location  
19 determined by the presiding officer who calls or the members who  
20 call the meeting.

21 (6) Assessments sufficient to cover the council's costs,  
22 including costs of administration, must be imposed and collected  
23 as provided in [section 29].

24 (7) (a) Members of the council must be paid at a rate  
25 established by the board by rule. The rate established by the  
26 board must be the same rate for all members.

27 (b) A person acting as a consultant to the council must be

1 paid at a rate established by the commissioner by rule.

2 (8) (a) Except as provided in subsection (8) (b), the council  
3 shall submit annually to the presiding officer of the board a  
4 report on the operation of the council.

5 (b) The board or the commissioner may at any time direct  
6 the council to submit a report on the operation of the council.  
7 A report directed under this subsection (8) (b) must be submitted  
8 within 60 days following the direction to submit the report.

9

10 NEW SECTION. **Section 29. Assessments for peer review**

11 **council.** (1) The fund and each private health care liability  
12 insurer, including health care liability self-insurers, shall pay  
13 to the fund an annual assessment in support of the council. The  
14 total amount of the assessments must be sufficient to cover the  
15 costs of the council, including costs of administration, for  
16 reviewing claims paid by the fund, plan, and insurer,  
17 respectively, under [section 30].

18 (2) The commissioner, after approval by the board, shall  
19 set by rule the amount of the assessments imposed under  
20 subsection (1).

21 (3) (a) Except as provided in subsection (3) (b), the  
22 assessments must be paid quarterly as established by the  
23 commissioner.

24 (b) An assessment for a period of time less than 1 calendar  
25 or fiscal quarter must be prorated by the commissioner.

26 (4) This section does not impose liability on the board for  
27 payment of any part of a fund deficit.

1 (5) Except as provided in subsection (6), the rules may not  
2 provide for more than four assessment classifications for  
3 physicians and each classification may only be based on:

4 (a) the amount of surgery performed; and

5 (b) the risk of diagnostic and therapeutic services  
6 provided or procedures performed.

7 (6) In addition to the assessment classifications, the  
8 commissioner, after approval by the board, may establish by rule  
9 a separate assessment classification for physicians satisfying  
10 [section 4(1)(b)] and a separate assessment for advanced practice  
11 registered nurses satisfying [section 4(1)(b)] that take into  
12 account the loss experience of health care providers for whom an  
13 adjacent state is a principal place of practice.

14 (7)(a) Except as provided in subsection (7)(b), every  
15 assessment established by rule pursuant to this section must  
16 provide for an automatic increase in a health care provider's  
17 assessment if the loss and expense experience of the fund and  
18 other sources with respect to the health care provider or an  
19 employee of the health care provider exceeds a threshold number  
20 of claims paid or a threshold dollar volume of claims paid as  
21 either threshold is established in the rules. The rules must also  
22 specify applicable amounts of increase corresponding to the  
23 number of claims paid and the dollar volume of awards in excess  
24 of the respective thresholds for the number of claims paid or the  
25 dollar volume of claims paid.

26 (b) The rules must provide that the automatic increase does  
27 not apply if the board determines that the performance of the

1 council in making recommendations under [section 30] adequately  
2 addresses the consideration set forth in subsection (6).

3 (8) The rules setting assessments for a particular fiscal  
4 year must ensure that the total amount of assessments does not  
5 exceed the greatest of the following:

6 (a) the estimated total dollar amount of claims to be paid  
7 during the particular fiscal year;

8 (b) the total amount assessed on all health care providers  
9 for the fiscal year preceding the particular fiscal year,  
10 adjusted by the commissioner to reflect changes in the consumer  
11 price index for all urban consumers, U.S. city average, for the  
12 medical care group, as determined by the U.S. department of  
13 labor, and changes in the number of health care providers covered  
14 by the plan; or

15 (c) 200% of the total dollar amount disbursed for claims  
16 during the calendar year preceding the particular fiscal year.

17 (9) Assessments imposed under subsections (1) and (2) and  
18 future medical expense payments payable by the fund under  
19 [section 12] must be collected by the commissioner for deposit  
20 into the fund in a manner prescribed by the commissioner by rule.

21 (10)(a) If the rules establishing assessments under  
22 subsection (2) do not take effect prior to July 2 of any fiscal  
23 year, the commissioner may collect assessments at the rates  
24 established for the previous fiscal year.
