CALL TO ORDER AND ROLL CALL

- 00:00:01 REP. STOKER reconvened the Law and Justice Interim Committee (LJIC) at 9:03 a.m. The secretary noted the roll, REP. AUGARE and REP. HOWARD were excused (Attachment 3).
- 00:03:29 **Sheri Heffelfinger, Research Analyst, Legislative Services Division (LSD)**, discussed oversight of the Public Defender's Office being attached to the State Administration and Veterans' Affairs Interim Committee (SAVA).

AGENCY PROPOSED LEGISLATION

Office of State Public Defender

Budget and report on reference book subcommittee discussion

- 00:05:23 **Pat Gervais, Legislative Fiscal Analyst, Legislative Fiscal Division (LFD)**, gave an update of the Budget Reference Book as it relates to the Office of State Public Defender.

Committee questions and discussion

- 00:08:41 REP. MENAHAN asked if the Office of State Public Defender (OPD) has enough staff attorneys to deal with the work load, if the contract attorneys were eliminated, as has been discussed. Ms. Gervais said she could not say because she doesn't have enough information on the OPD's caseload, nor has she done a detailed analysis.

- 00:12:39 SEN. SHOCKLEY said that because of the conflict of interest case currently before the Supreme Court, the OPD may have to hire even more contract attorneys than it has now. He asked if the Budget Subcommittee took that into consideration. Ms. Gervais said she is watching the court case and agreed that if the Court rules that the current process is not adequate, it would create even more pressure on the OPD budget.
- 00:14:08 REP. PETERSON asked what the proposed FTEs are for fiscal years 2012 and 2013 and a dollar amount for present law adjustment. Ms. Gervais said that the OPD's budget request for the 2013 biennium includes 217.5 FTE and a total budget of just over \$49 million. The requested present law adjustment totals about \$5 million. REP. PETERSON asked if additional FTEs were requested. Ms. Gervais said an additional 11 FTEs were requested.
- 00:16:13 In response to a question from SEN. JENT, Ms. Gervais said the OPD's \$49 million budget request is an increase from \$30 million and includes new proposals.
- 00:17:00 SEN. JENT asked if it is known how much Montana was spending on public defense before the public defender system was created. Ms. Gervais said that based upon the data collection at the time of the bill draft to create the OPD, the fiscal note called for funding of about \$14 million a year.
- 00:18:03 SEN. JENT asked several additional questions about available data on the number of defendants represented by a public defender. Ms. Gervais said there is little data available from the past but that current data indicates that about 75 to 80 percent of District Court defendants receive a public defender.
- 00:19:12 SEN. SHOCKLEY asked Ms. Gervais to look into what the State was spending on felonies prior to the public defender program. He said that because of the lack of data, it was difficult to determine exactly what the need was when creating the public defender system.

Public Defender's Office's proposed legislation

- 00:21:44 **Randi Hood, Chief Public Defender, OPD**, distributed and discussed the Office of the State Public Defender's proposed legislation (**Exhibit 11**).

Committee questions and discussion

- 00:36:50 SEN. SHOCKLEY asked Ms. Hood to clarify the change requested for section 47-1-205, MCA. Ms. Hood said the change is intended to ensure that conflict of interest claims can not be made.
- 00:38:18 REP. PETERSON asked, regarding section 47-1-110, MCA (recovery of public defender costs), how the recovered money is handled. Ms. Hood said recovered fees are deposited into a state special revenue account.
- 00:39:31 Regarding the proposed changes to eliminate or reduce jail time, REP. PETERSON asked what kind of "enforcement stick" the courts will have if the jail time is removed. Ms. Hood said significant fines will remain in place and that the

courts don't give jail time for most of the offenses anyway. REP. PETERSON asked several additional questions about what charges the public defender would defend. Ms. Hood explained the OPD's criteria for representation.

- 00:43:56 REP. EBINGER asked, regarding the proposed change to section 47-1-110, MCA, why a private attorney would not be employed to begin with. Ms. Hood explained that even though a private attorney may bring an action in a guardianship case, the court frequently appoints a public defender to represent the incapacitated person.
- 00:44:38 REP. MENAHAN said that public defenders also represent respondents in petitions for involuntary mental commitment cases and asked if the OPD has considered collecting those costs. Ms. Hood said that because the person is incapacitated and because those types of cases happen so quickly, it would be difficult to determine indigency in order to collect costs.
- Referring to the proposed change to section 61-6-304, MCA (no insurance), REP. MENAHAN said the proposal would be more palatable to the Legislature if it eliminated the provision that "stacks" convictions and allows only the violations in the last five years to be counted.
- 00:46:38 Regarding the proposed change to section 47-1-104, MCA (access to jails), REP. MENAHAN discussed his concern that once an attorney asserts representation, the attorney is stuck with the client until excused by a judge, regardless of if the person qualifies for a public defender. He wondered if this had the potential of an added work load for the public defender. Ms. Hood explained what measures are taken to avoid this, saying that the defendant is asked if he or she plans to request a public defender and if they think they will qualify. Additionally, the Justice of Peace is then advised that the attorney is there for the initial first hearing only.
- 00:50:07 SEN. SHOCKLEY asked how much it would cost the OPD to set up a billing system. Ms. Hood said that hours are tracked for each individual case, which the judge could use in determining how much the client needs to pay to the OPD.
- 00:52:58 SEN. JUNEAU asked what the impact could be if the proposed change to section 47-1-104, MCA, (access to jails) is not adopted. Ms. Hood said that it would likely result in more people sitting in jail for longer periods of time and would increase the number of cases going to the public defender system.
- 00:54:43 SEN. JUNEAU asked, regarding the proposed change to section 47-1-110, MCA (recovery of costs), for a definition of "sufficient funds". Ms. Hood said the term would probably be determined through policy or administrative rule but that if the defendant has liquid assets, they would be expected to pay some amount so long as the payment did not impinge upon the incapacitated person's care.
- 00:55:43 REP. STOKER made several general comments regarding the OPD proposals.

00:57:18 SEN. SHOCKLEY asked for update on the American University report and how the OPD has responded.

Update on implementing American University recommendations

00:58:46 **Richard "Fritz" Gillespie, Chairman, Public Defender Commission,** distributed a list the AU recommendations and the status of each recommendation (**Exhibit 12**). He emphasized that the recommendations were taken seriously and that many of them have been dealt with.

Committee questions and discussion

01:01:49 SEN. SHOCKLEY asked if the concerns about the OPD's ability to budget have been addressed. Mr. Gillespie said that work is still in process but by the end of September, reliable and verifiable information will be available, which will be used to back up the OPD's budget request.

01:06:17 SEN. SHOCKLEY asked if the Commission has considered reducing the scope of public defender services, in order to reduce costs and operate more efficiently. Mr. Gillespie said yes, that all programs are being looked at but that no final decision has been made.

Public comment

01:10:28 **David Carter, Yellowstone County Attorney's Office,** discussed his concerns regarding the OPD's limited resources and that when spread too broadly, the system suffers.

01:11:54 **Mark Murphy, Montana County Attorneys Association,** discussed his concerns regarding revenue and the issue of decriminalization.

01:15:22 **Niki Zupanic, American Civil Liberties Union of Montana (ACLU),** said that the ACLU is pleased with the Commission's response to the AU report. She also commented on the OPD's bill proposals and agreed that the scope of the mandates for the OPD should cover 6th amendment issues.

01:21:17 SEN. SHOCKLEY and Ms. Zupanic discussed some of the ACLU's remaining concerns regarding the scope and operation of the OPD.

01:23:53 REP. PETERSON and Ms. Hood discussed his concerns regarding the OPD's request for separation of the appellate defender.

BREAK REP. STOKER recessed the LJIC for a 15-minute break.

01:46:22 The meeting reconvened at 10:49 a.m.

JENT said that the focus of the bill is sentencing but that being able to prove the aggravating factor is the first hurdle. REP. PETERSON asked if all of the aggravating factors would have to be met or only one. SEN. JENT said that only one factor would have to be proven.

04:24:29 SEN. SHOCKLEY said he is concerned about turning this into a felony because of the length of the sentence. SEN. JENT said the language could be tweaked to address SEN. SHOCKLEY's concerns. SEN. SHOCKLEY said he would like to do that.

04:39:28 SEN. JUNEAU asked if city or county would take precedence in filing charges if both the city and county have social host ordinances. Ms. Heffelfinger said the city ordinance would be the authority for an event within the city boundary. SEN. JUNEAU also discussed her concern about what the statutory definition of "person" includes and the potential for lack of uniformity in ordinances and penalties within neighboring counties. She said that having a common definition of person and more parameters for penalties may be advisable. REP. MENAHAN said that in committee discussion of the bill draft in June, the consensus seemed to be that these decisions would best be left to local governments.

04:47:29 SEN. ESP, SEN. JENT, SEN. SHOCKLEY, REP. MENAHAN and REP. PETERSON, discussed civil versus criminal penalties and which would be more appropriate.

04:52:32 **Karla Gray, former Chief Justice of the Montana Supreme Court**, briefly addressed the LJIC, saying she was in the Capitol building to visit old friends and to observe the process that she enjoyed being a part of for so many years.

David Carter, Yellowstone County Deputy Attorney, explained why the Yellowstone County Attorney's Office suggested the language and said it could be tweaked, either by the LJIC or in the 2011 session.
- 05:10:47 REP. PETERSON asked if the language stricken on page 5 concerning the look back period was put back in, if that would address the concerns. Mr. Carter said yes, but asked that the number of years for the look back be modified in order to capture repeat offenders.

- 05:31:53 SEN. JUNEAU asked how the presence of prescription drugs will be handled. SEN. SHOCKLEY said that if the drug affects the ability to drive the law will apply, regardless of the fact that the person was legally prescribed the drug.

05:33:41 SEN. JUNEAU said the intent of the bill is to make sure get impaired drivers off the road and to have the proof to do so. She said this could result in larger numbers of people being jailed and tried and asked if projections have been made on the potential impact. REP. MENAHAN responded, saying that the bill wouldn't add additional defendants but would result in more convictions. SEN. JUNEAU said that more people will be in jail as a result of the bill. REP. MENAHAN said conversely, the person's constitutional rights are being protected by requiring the use a search warrant in order to obtain proof.

05:38:11 REP. PETERSON said he supports the bill.

06:20:39 **Pat Keim, Alternatives Inc.**, concurred that 10 days is too short and he urged the LJIC to consider lengthening the number of days from 10 to 20.

- 06:32:54 SEN. JENT agreed that action is necessary and proposed a separate per se statute to address driving with drugs which would include a table listing the drug and set a dangerous level for each drug listed. He thought the Attorney General's Office should request the bill and do further research the dangerous drug issue in order to "do this right".
- 06:34:22 Ali Bovingdon, DOJ, said that the idea for this bill came from the Highway Patrol because of the increase in the number of people driving under the influence of drugs. She discussed the intent of the bill and urged the LJIC to move it forward.
- 06:37:50 REP. MENAHAN said the current law making driving under the influence a crime would cover a lot of what is seen. He said that if a per se charge for drugs is created, he wants to make sure it is fair.
- 06:39:23 REP. PETERSON asked Ms. Lane to comment on her basis for drafting the bill as she did. Ms. Lane said she drafted it as she did because there was objection to going into drug schedules and matrixes. She also addressed REP. MENAHAN's concerns about the proposed bill's title. Ms. Bovingdon agreed with Ms. Lane's interpretation of the title and said that concerns can be fixed. She said that the proposed bill targets illegal drugs because there are exceptions in the language for prescription and over-the-counter drugs. She said that it is very complicated to use a drug matrix in this type of law, which is why other states have used a per se/zero tolerance approach, as used in LC lj05.
