April 5th 2014 Boxing Event Program Revenue/Expense Breakdown

PROGRAM REVENUE

Licensing	License Type	Quantity	Cost	<u>Total</u>	Proposed Fees by Boxing Community	Total
	*Promoter	1	\$ 500.00	\$ 500.00	\$ 600.00	\$ 600.00
	*Fighter	7	\$ 45.00	\$ 315.00	\$ 60.00	\$ 420.00
	*Corner/Manager	5	\$ 45.00	\$ 225.00	\$ 60.00	\$ 300.00
	Refers/Judges	all previously lic	ensed			
	**Gate	\$ 11,540.00	5%	\$ 577.00	7%	\$ 807.80
Total				\$ 1,617.00		\$ 2,127.80

* Note: Revenue for number of license types is not consistent. Fighters, judges, referees and promoters may already be licensed and therefore revenue for the fight is not a guarantee. Example: 1 referee, 3 judges and 1 fighter were already licensed, which means no additional income was generated for the event. If a promoter is licensed and runs 3 events in a year, then at least two events will not have received revenue for the promoter application fee, reducing the revenue by \$500 for each event. (Spread Sheet #2 - illustrates the revenue and costs possible for event scenarios over a year.)

** Note: Revenue from Gate fees are subject to the price of tickets and attendance at events. Average ticket costs are \$20, but some events charge \$10 and others charge \$30. Attendance varies depending on the location and other variables, which make it difficult to estimate and count on event revenue. Gate revenue has been as low as \$200 and the highest is represented above. Proposed Fees should be based on average gate receipts of \$6000 per event. This estimates that 300 people will attend the event based on an average of \$20 per ticket. If the price is \$10 per ticket and there are 600 attendees, then the gate receipts would be \$6000. Based on past history of the program this is a very fair average.
