FORM EREC INSTRUCTIONS - Renewable Energy Credit Report

These instructions are to help you prepare your return. If you have questions about the Renewable Energy Credit Report, please call us toll-free at (866) 859-2254, in Helena at 444-6900, or visit our website at revenue.mt.gov for detailed instructions.

When and where to file. Your renewable energy credit report is due March 1 for the previous full calendar year.

Please mail your report to Montana Department of Revenue, PO Box 5835, Helena, MT 59604-5835.

Penalty. If your report is not filed by the due date, an administrative penalty of \$1,500 will be assessed.

Specific Instructions

Line 1. Please provide your FEIN.

Line 2. If you are amending a prior year's report, place an "X" in the box provided.

Line 3. If your mailing address has changed, place an "X" in the box and print your new address in the space provided.

Line 5. Place an "X" in the box or boxes that describe your business entity.

Line 6. In the first column please insert the purchase or sales price of the renewable energy credit. In the second column please circle either "s" or "p" to indicate whether the renewable energy credit was a sale (s) or a purchase (p) by the filer. In the third column please circle "b" to indicate that the sales or the purchase of the renewable energy credit was bundled or part of a transaction that included the selling or purchasing of electrical energy. If the sale or the purchase was not part of a bundled transaction, circle "u" to establish that the transaction was unbundled or not part of a bundled transaction.

Re: 2012 Renewable Energy Credit Report

Our records show that your business may be required to report to us renewable energy credits that you may have purchased or sold in calendar year 2012. We have enclosed a copy of Form EREC for your information; however your first report is not due until March 1, 2013.

The 2011 Montana Legislature passed Senate Bill 7, which required a competitive electricity supplier, utility company, or an owner of an electrical generation facility that operates in Montana to file with us a renewable energy credit report. This report, which is due by March 1 of each year, indicates the amount of renewable energy credits your entity purchased or sold in the previous calendar year. Senate Bill 7 requires the report to distinguish between those credits that were bought or sold together or separately as a bundled or unbundled product.

When preparing your Renewable Energy Credit Report in 2013 you can download Form EREC on our website at revenue.mt.gov or contact us for a copy of the report.

Companies that fail to file the report timely will be subject to an administrative penalty of \$1,500.

If you have questions about the renewable energy credit report, please call us toll free at (866) 859-2254 (in Helena 444-6900).

Thank you.

To Whom It May Concern:

On December 20, 2011, Basin Electric Power Cooperative ("Basin Electric") received the attached letter. I understand Montana Senate Bill 52 has been signed by the Governor of Montana. Under Senate Bill 52, Basin Electric would not be required to file an annual renewable energy credit report, as we do not buy or sell renewable energy credits for the purpose of complying with Montana Code Annotated §69-3-2008(2), nor do we own any renewable generation in Montana.

If you feel the above conclusions are in error, I may be reached at (701) 557-5413 or cjacobson@bepec.com to discuss this matter.

Sincerely,

Casey J. Jacobson
Attorney

Re: 2012 Renewable Energy Credit Report (EREC)

Business and Income Tax Division:

Avista Corporation, dba Avista Utilities ("Avista"), hereby submits an original copy of its 2012 form in compliance with Senate Bill 7 in response to the Montana Renewable Energy Credit Report.

Avista has a long history of renewable resource acquisition and has a number of renewable energy credits that qualify in different jurisdictional areas. The Company's retail load in the state of Montana is quite small (consisting of only 19 or fewer retail customers), the Company does not at this time have remaining uncommitted renewable energy credits for the year 2012 that would satisfy the specific requirements of the Montana Bill.

If you have any questions regarding this filing, please feel free to call me at (509) 495-4975.

Sincerely,

A handwritten signature in cursive script that reads "Linda Gervais".

Re: ConocoPhillips Company Form EREC – Renewable Energy Credit Report

To Whom It May Concern:

As required by MCA 69-3-2009, ConocoPhillips Company (COP) respectfully submits its 2013 EREC Report on the form provided by the Montana Department of Revenue.

Pursuant to MCA 69-3-2010(2), COP is providing the number of RECs procured in calendar year 2012. The price of the RECs was privately negotiated and therefore, pursuant to MCA 69-3-2010(1), is not required to be disclosed in this report.

If you have any questions, please do not hesitate to contact me at 281.293.4872.

Respectfully,

A handwritten signature in black ink, appearing to read 'R. Bonner', written over a horizontal line.

RE: 2012 Renewable Energy Credit Report

Department of Revenue Administrator:

Please find enclosed the 2012 Renewable Energy Credit Report for PPL Treasure State, LLC ("PPLTS"). PPLTS submits its 2012 Renewable Energy Credit Report in compliance with the 2011 Senate Bill 7 as codified in MCA 69-3-2009 and 69-3-2010. PPLTS is a competitive electricity supplier as defined in MCA 69-3-2003. PPLTS purchases Renewable Energy Credits ("RECs") on the bilateral market from Montana Public Service Commission ("MPSC") certified resources.

The purchase and sale of RECs from the MPSC certified resources are tracked in either the Western Renewable Energy Generation Information System ("WREGIS") or the Midwest Renewable Energy Tracking System ("MRETS"). The seller enters the RECs in WREGIS or MRETS and then transfers the same RECS to the buyer, in this case PPLTS. WREGIS and MRETS both disclose the attributes required for verification of RECs from MPSC certified resources. Neither WREGIS nor MRETS publically disclose the price of the RECs. Therefore, per MCA 69-3-2010 PPLTS is not required to disclose the price of the RECs.

Sincerely,

Robert D. Gabbard
President, PPL Treasure State, LLC

Re: 2012 Renewable Energy Credit Report

Our records show that your business may be required to report to us renewable energy credits that you may have purchased or sold in calendar year 2012. The 2012 Renewable Energy Credit Report (EREC) is due March 1, 2013.

The 2011 Montana Legislature passed Senate Bill 7, which required a competitive electricity supplier, utility company, or an owner of an electrical generation facility that operates in Montana to file with us a renewable energy credit report. This report, which is due by March 1 of each year, indicates the amount of renewable energy credits your entity purchased or sold in the previous calendar year. Senate Bill 7 requires the report to distinguish between those credits that were bought or sold together or separately as a bundled or unbundled product.

You can download Form Renewable Energy Credit (EREC) from our website at <http://revenue.mt.gov> (Forms and Resources) or contact us for a copy of the report.

Companies that have a filing requirement and fail to file the report timely will be subject to an administrative penalty of \$1,500.

If you have questions about the renewable energy credit report, please call us toll free at (866) 859-2254 (in Helena 444-6900).

Thank you.

FORM EREC INSTRUCTIONS – Renewable Energy Credit Report

These instructions are to help you prepare your return. If you have questions about the Renewable Energy Credit Report, please call us toll-free at (866) 859-2254, in Helena at 444-6900, or visit our website at revenue.mt.gov for detailed instructions.

When and where to file. Your renewable energy credit report is due March 1 for the previous full calendar year.

Please mail your report to Montana Department of Revenue, PO Box 5835, Helena, MT 59604-5835.

Penalty. If your report is not filed by the due date, an administrative penalty of \$1,500 will be assessed.

Specific Instructions

Line 1. Please provide your FEIN.

Line 2. If you are amending a prior year's report, place an "X" in the box provided.

Line 3. If your mailing address has changed, place an "X" in the box and print your new address in the space provided.

Line 5. Place an "X" in the box or boxes that describe your business entity.

Line 6. In the first column please insert the purchase or sales price of the renewable energy credit. In the second column please circle either "s" or "p" to indicate whether the renewable energy credit was a sale (s) or a purchase (p) by the filer. In the third column please circle "b" to indicate that the sales or the purchase of the renewable energy credit was bundled or part of a transaction that included the selling or purchasing of electrical energy. If the sale or the purchase was not part of a bundled transaction, circle "u" to establish that the transaction was unbundled or not part of a bundled transaction.
