By Request of the *****

A Bill for an Act entitled: "An Act allowing school district trustees to prioritize school safety and security improvements in utilizing certain revenue; amending section 20-9-525, MCA; and providing an effective date."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-9-525, MCA, is amended to read:

"20-9-525. School major maintenance aid account -- formula.

(1) There is a school major maintenance aid account in the state special revenue fund provided for in 17-2-102.

(2) The purpose of the account is to provide, contingent on appropriation from the legislature, funding for school major maintenance aid as provided in subsection (3) for school facility projects that support a basic system of free quality public elementary and secondary schools under 20-9-309 and that involve, except as provided in subsection (7):

(a) first, making any repairs categorized as "safety", "damage/wear out", or "codes and standards" in the facilities condition inventory for buildings of the school district as referenced in the K-12 public schools facility condition and needs assessment final report prepared by the Montana department of administration pursuant to section 1, Chapter 1, Special Laws

of December 2005; and

(b) after addressing the repairs in subsection (2)(a), any of the following:

(i) updating the facility condition inventory as recommended in the final report referenced in subsection (2)(a) with the scope and methods of the review to be determined by the trustees, employing experts as the trustees determine necessary. The first update must be completed by July 1, 2019, and each district shall certify the completion to the office of public instruction no later than October 31, 2019. Subsequent updates must be certified to the office of public instruction no less than once every 5 years following the first certification.

(ii) undertaking projects designed to produce operational efficiencies such as utility savings, reduced future maintenance costs, improved utilization of staff, and enhanced learning environments for students, including but not limited to projects addressing:

- (A) roofing systems;
- (B) heating, air conditioning, and ventilation systems;
- (C) energy-efficient window and door systems and insulation;
- (D) plumbing systems;
- (E) electrical systems and lighting systems;
- (F) information technology infrastructure, including internet connectivity both within and to the school facility; and
- (G) other critical repairs to an existing school facility or facilities.

(3) (a) In any year in which the legislature has appropriated funds for distribution from the school major maintenance aid account, the superintendent of public instruction shall administer the distribution of school major maintenance aid from the school major maintenance aid account for deposit in the subfund of the building reserve fund provided for in 20-9-502(3)(e). Subject to proration under subsection (5) of this section, aid must be annually distributed no later than the last working day of May to a school district imposing a levy pursuant to 20-9-502(3) in the current school fiscal year, with the amount of state support per dollar of local effort of the applicable elementary and high school program of each district determined as follows:

(i) using the taxable valuation most recently certified by the department of revenue under 15-10-202:

(A) divide the total statewide taxable valuation by the statewide total of school major maintenance amounts and multiply the result by 171%;

(B) multiply the result determined under subsection (3)(a)(i)(A) by the district's school major maintenance amount;

(C) subtract the district's taxable valuation from the amount determined under subsection (3)(a)(i)(B); and

(D) divide the amount determined under subsection (3)(a)(i)(C) by 1,000;

(ii) determine the greater of the amount determined in subsection (3)(a)(i) or 18% of the district's mill value; and

(iii) multiply the result determined under subsection

(3)(a)(ii) by the district's school major maintenance amount, then divide the product by the sum of the result determined under subsection (3)(a)(ii) and the district's school major maintenance amount.

(b) For a district with an adopted general fund budget in the prior year greater than or equal to 97% of the district's general fund maximum budget in the prior year, the amount determined in subsection (3)(a)(iii) rounded to the nearest cent is the amount of school major maintenance aid per dollar of local effort, not to exceed an amount that would result in the state aid composing more than 80% of the district's school major maintenance amount.

(c) For a district with an adopted general fund budget in the prior year less than 97% of the district's maximum budget in the prior year, multiply the amount determined in subsection (3)(a)(iii) by the ratio of the district's adopted general fund budget in the prior year to the district's maximum general fund budget in the prior year. The result, rounded to the nearest cent, is the amount of state school major maintenance aid per dollar of local effort, not to exceed an amount that would result in the state aid composing more than 80% of the district's school major maintenance amount.

(4) Using the taxable valuation most recently certified by the department of revenue under 15-10-202, the superintendent shall provide school districts with a preliminary estimated amount of state school major maintenance aid per dollar of local effort for the ensuing school year no later than March 1 and a

final amount for the current school year no later than July 31.

(5) If the appropriation from or the available funds in the school major maintenance aid account in any school fiscal year are less than the amount for which school districts would otherwise qualify, the superintendent of public instruction shall proportionally prorate the aid distributed to ensure that the distributions do not exceed the appropriated or available funds.

(6) If in any fiscal year the amount of revenue in the school major maintenance aid account is sufficient to fund school major maintenance aid without a proration reduction pursuant to subsection (5) and if in that same fiscal year the amount of revenue available in the school facility and technology account established in 20-9-516 will result in a proration reduction in debt service assistance pursuant to 20-9-346(2)(b) for that fiscal year, the state treasurer shall transfer any excess funds in the school major maintenance aid account to the school facility and technology account, not to exceed the amount required to avoid a proration reduction.

(7) School district boards of trustees that have certified to the office of public instruction a current school safety plan or emergency operations plan pursuant to 20-1-401 may, prior to addressing the school facility projects under subsection (2) of this section, utilize the proceeds from the levy authorized in 20-9-502(3) and any school major maintenance aid for improvements to school safety and security as described in 20-9-236(1).

~~(7)~~(8) For the purposes of this section, the following definitions apply:
