

* New Resources

Introducing solutions to strengthen your state's efforts to end and prevent human trafficking, and to care well for all those impacted by it.

*Enables success for the **Enhanced Collaborative Task Force** to Combat Human Trafficking model (OVC)

CLOSE GAPS AND STRENGTHEN EFFORTS WITH STATEWIDE TRAINING SOLUTIONS & COMMUNITY ASSESSMENT TOOLS

Greetings, and let me begin by thanking you for all that you do to support those in need in your state. Today, I'm excited to share with you two solutions that can radically **accelerate your state's efforts to end and prevent human trafficking**, including both labor and sex trafficking, of adults and minors, foreign nationals and citizens.

For many years now, our team has worked alongside thousands of justice advocates and community leaders to end and prevent human trafficking all across the United States and on continent except Antarctica. What we know to be true is this: To succeed, every community needs **innovative solutions** that can accelerate and strengthen your impact, particularly in the areas of developing comprehensive data-driven strategies and scaling role-based training.

Which is why we created:

- **Engage Together®** - an award-winning, transformational community assessment and mapping project that will strengthen your state's insights, strategies, partnerships, and resources.
- **Justice U™** - a statewide education and training platform that can equip over 50+ frontline professionals in your state, with both foundational and advanced role-based knowledge, complete with digital certifications, accredited CEUs, and multi-lingual tools.

Each of these solutions, separate or combined, are available to strengthen and accelerate your efforts, and can be **customized to your particular state's** policies, laws, partners, and protocols. Let's discuss the opportunities! Reach out at ashleigh@engagetgether.com. We look forward to connecting with you soon.

*Let us help you meet and exceed the national best practices and recommendations to address all forms of human trafficking in your state.

*Both of these solutions support the recent best practices and recommendations provided by the National Advisory Committee on the Sex Trafficking of Children and Youth in the United States and Shared Hope's State Report Cards.

Ashleigh S. Chapman, JD
Founder/CEO

ENGAGE TOGETHER®

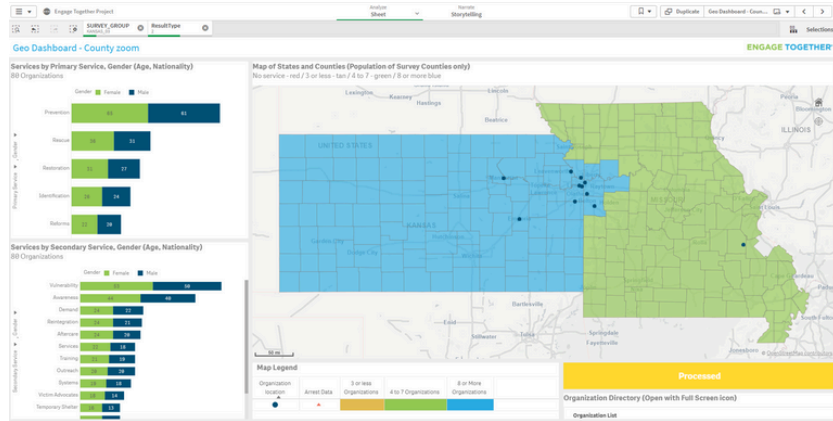

Engage Together Project is an award-winning, comprehensive, **community mapping project** that will illuminate all programs and services in your state working to address human trafficking and/or support high-risk populations.

Through our collaborative process and technologies, you'll gain the **data insights you need to know where efforts are strong, where gaps still exist, what needs are currently present, and how to engage the entire community** in the solution. Plus, you'll end up with a wide range of reports and dashboards, including an easily shareable **directory of all service providers** in your state.

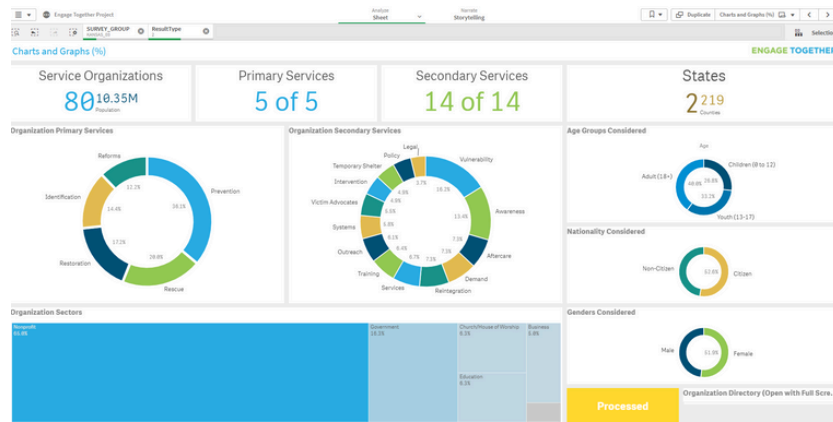

Our goal through this project is to help you **increase strategy, awareness, engagement and collaboration** in your communities, which will accelerate your work to end and prevent human trafficking - and improve care for all those impacted by it.

"The best
online training
I've ever taken
hands down."

JUSTICE U LEARNER
IN THE CSEC
TRAINING SERIES

Through Justice U's suite of online courses and training tools, we can equip every frontline professional in your state to recognize and respond to human trafficking – including **educators**, **behavioral health** providers, **foster families**, **law enforcement** personnel, **MDTs**, **healthcare professionals**, business leaders, direct service providers, and more.

Our online, mobile friendly, **survivor and trauma-informed trainings** provide both baseline knowledge and the **advanced training** that each of these unique roles needs to know – including risk factors, screening and identification tools, trauma-informed care frameworks and methodologies - with **digital credentials and CEUs** available in every field.

And we can **customize these trainings to your state's** particular nuance, policies, laws, and protocols.

Testimonials

"Engage Together has been a vital support of Kansas' efforts to combat trafficking since 2013. The community needs assessment and strategies have served to bring together all sectors of our community in a way that tailor meeting the needs of our state. The excellent training through JusticeU provides solutions that can be tailored to meet the challenge of equipping and coordinating various professional fields of service in the state of Kansas."

**LUCY BLOOM, EXECUTIVE DIRECTOR
KANSAS CITY COALITION AGAINST SEXUAL
EXPLOITATION & SURVIVOR ADVOCATE**

"The Justice U Team has an unmatched commitment to excellence for their evidence-informed content with a special care to creating a trauma aware learning experience. Their professionalism, clear communication, and respect for people's time and resources facilitated efficient and productive collaboration. This training series provides North Carolina with a shared language to talk about CSEC, which brings us one step closer to a statewide response."

**ROBIN COLBERT, ASSOCIATE DIRECTOR
& COURTNEY DUNKERTON, ANTI-HUMAN
TRAFFICKING SPECIALIST, NORTH CAROLINA
COALITION AGAINST SEXUAL ASSAULT (NCCASA)**

For more than a decade, Tennessee has shown itself to be a leader in the fight against human trafficking, and the Engage Together Project is another bold step in that ongoing work. As we better understand and catalog the vast resources available across the state, we'll have a better sense of our strengths and our gaps, and be better positioned to help resource every victim as they take the first steps toward becoming a survivor. We can't wait to see how this effort accelerates the difference we're making – together as a state – in the fight against trafficking

DAVID B. RAUSCH | DIRECTOR, TENNESSEE BUREAU OF INVESTIGATION

"Wyoming was very excited to cross paths with Engage Together in an effort to strengthen the work of our statewide Task Force on Human Trafficking. Although we are just in the initial phases of seeing what this data can do for us, we are beyond excited for its potential. This program is dynamic and comprehensive and easily portable. I see our Task Force being able to leverage this information to develop policy and solicit private sector engagement that had, as of yet, not been easily achieved."

**CARA CHAMBERS, DIRECTOR
DIVISION OF VICTIM SERVICES
OFFICE OF THE ATTORNEY GENERAL**

"By partnering with Justice U I have seen firsthand their commitment to providing sound, accessible and engaging information for our stakeholders. Not only are they committed to providing a quality learning experience for the user, they are also committed to strong partnerships in the development and creation of content. Working with Justice U has been an enriching and fulfilling experience."
