INTRODUCTION

PURPOSE OF FINAL WORK PLAN

The final work plan details the Economic Affairs Interim Committee's (EAIC or Committee) study and agency oversight duties for the interim, which runs from July 2025 through September 15, 2026. It also discusses other activities the Committee may undertake. The work plan includes tools to help the Committee determine its level of involvement in its interim study assignments and its agency and other monitoring duties.

The work plan serves as a blueprint for the Committee's activities over the interim. It reflects the Committee's priorities, as indicated by the amount of time the Committee decides to spend on each of its tasks. Staff uses the work plan to undertake research and arrange presentations related to the Committee's studies and other duties. Stakeholders and other members of the public use the plan to track various topics and other items of interest.

Based on decisions made at the Committee's organizational meeting, this final work plan includes a schedule of activities for each Committee meeting, which will need to be voted on to finalize and adopt the work plan.

COMMITTEE JURISDICTION

The EAIC is one of several interim committees established in section [5-5-202](#), MCA, and required to meet between legislative sessions. Interim committees are tasked with:

1. Reviewing administrative rules within its jurisdiction;
2. Conducting interim studies as assigned;
3. Monitoring the operation of assigned executive branch agencies;
4. Reviewing advisory councils and required reports;
5. Reviewing proposed legislation of assigned agencies;
6. Reviewing proposed ballot initiatives; and
7. Preparing bills and resolutions that committee members believe should be presented to the next Legislature.

EAIC is assigned to monitor the following executive branch agencies:

1. Division of Banking & Financial Institutions - Department of Administration
2. Department of Agriculture
3. Department of Commerce
4. Department of Labor & Industry
5. Department of Livestock
6. Alcoholic Beverage Control Division - Department of Revenue
7. Cannabis Control Division - Department of Revenue
8. Governor's Office of Economic Development
9. Montana State Fund
10. State Auditor and Insurance Commissioner

WHAT DOES EAIC DO?

Conducts interim studies

Monitors agencies

Reviews administrative rules

Reviews advisory councils and reports

Determines member issues to examine

Reviews ballot initiatives

Proposes and reviews legislation

INTERIM STUDIES

The 2025 Legislature approved 36 interim study resolutions. The Legislative Council assigned the study resolutions to the various interim committees on June 10, 2025. The EAIC was assigned six interim studies: HJ's 27, 52, 55, and 61; and SJ's 11 and 33.

At the Committee's organizational meeting on July 22, 2025, the Committee voted to adopt "option B" in each assigned study, while adding some additional tasks/FTE to SJ 33 and reducing some tasks for HJ 52 (see pages 7 and 9 for respective details). The adopted tasks for each study are highlighted in white, while those discarded are grayed-out; they are displayed on pages 6 – 11.

BASIC STUDY PROCESS

An interim study typically involves information gathering, issue identification, and recommendations.

The first phase of the study is carried out over the first few meetings of the interim, when the Committee:

- Reviews staff research papers and other information materials on study topics;
- Hears presentations by people with experience and expertise on various aspects of the study topics; and
- Takes public comment from interested parties, who may offer specific study-related suggestions.

In the second phase, the Committee spends a meeting or two narrowing the focus of the study. Members identify topics or questions they'd like to analyze further. This phase helps members concentrate on the issues they consider to be of the greatest importance and obtain any additional information needed to make final recommendations.

During the final stage, members review and decide on options for action. Potential solutions, including legislation, are usually reviewed, and refined at multiple meetings before the Committee takes final action.

AGENCY OVERSIGHT RESPONSIBILITIES

ADMINISTRATIVE RULE REVIEW

Interim committees are required to review administrative rule proposals of the agencies for which they have oversight responsibility. The committee's legislative attorney reviews rulemaking notices and provides regular updates, noting any rules that may be out of compliance with the Montana Administrative Procedure Act (MAPA). That law allows interim committees to:

- Obtain an agency's rulemaking records to review them for compliance;
- Submit written recommendations on adopting, amending, or rejecting a rule;
- Require that a rulemaking hearing be held;
- Require an economic impact statement relating to a rule adoption; and
- Poll the Legislature by mail to determine if a proposed rule is consistent with legislative intent.

Interim committees may also delay the adoption of proposed rules by objecting to proposals that members believe do not comply with the provisions of MAPA. The Speaker of the House and the Senate President may break a tie vote on any rule objection being considered by an interim committee.

Decision Point: It is up to the Committee to decide whether to ask for a formal presentation on each rule review memorandum, or whether to have a discussion only if committee members have questions or concerns.

PROGRAM MONITORING

EAIC's program monitoring duties require specific attention to:

- Identifying issues likely to require future legislative attention.
- Identifying opportunities to improve existing laws governing the agency's operations.
- Determining whether citizen experience with the agency may be improved on through legislative action.

Decision Point: During the organizational meeting, every agency under the Committee's purview presented an introductory overview. Thereafter, it is up to the Committee to decide what agencies to focus on and how much time to allocate in its work plan for additional program monitoring activities.

LICENSING BOARD ACTIVE SUPERVISION REVIEW

As part of its monitoring duties to the Department of Labor and Industry, the EAIC monitors determinations as to whether any board actions are considered by the Commissioner to be anticompetitive. The Committee may initiate further hearings, suspend the Commissioner's determinations, or provide an alternative process for those alleging possible antitrust activities by boards or licensees.

MONTANA STATE FUND LEGISLATIVE LIAISONS

Under 2-15-1019, MCA, the EAIC's presiding officer is to appoint liaisons to the Montana State Fund:

2-15-1019. Board of directors of state compensation insurance fund – legislative liaisons.

...

(8) There must be two legislative liaisons to the board consisting of members of the economic affairs interim committee provided for in 5-5-223. Subject to 5-5-234, the presiding officer of the economic affairs interim committee shall appoint the liaisons from the majority party and the minority party at the first interim committee meeting.

Liaisons attend approximately four MSF meetings per year during the interim. Quarterly meetings are anticipated in March, June, September, and December. Liaisons are reimbursed for their time through a separate budget, and no committee time is dedicated to this statutory obligation.

REVIEW OF DRAFT LEGISLATION

The interim committee process allows for an early review of agency-requested legislation. Interim committees can begin reviewing proposed legislation as early as June in the year preceding the legislative session. This process frees up time for the Legislative Services Division to concentrate on legislator bill draft requests after the election. Agency bills drafted because of this process must be introduced before the 2027 legislative session begins.

REVIEW OF STATUTORILY ESTABLISHED ADVISORY COUNCILS AND REPORTS

ADVISORY COUNCIL REVIEW

5-5-215, MCA, provides for review of statutorily established advisory councils and associated required reports of assigned agencies if requested by any member of the committee.

Advisory councils subject to EAIC review are:

Agency	Entity	Statutory Authority
Dept. of Agriculture	• Noxious Weed Management Advisory Council	• 80-7-805
	• Organic Commodity Advisory Council	• 80-11-601
Dept. of Commerce	• Tourism Advisory Council	• 2-15-1816
Dept. of Labor & Industry	• Licensing Boards – Monitor for potential sunseting or combining	• 2-8-404

The following boards, committees, or other entities may contain an advisory function, but either are not specifically termed advisory councils or created statutorily:

REPORTS

Unless otherwise directed in statute, reports to the legislature, including reports to specific interim committees, are biennial reports and need to be submitted in written form by September 1 of the year preceding a legislative session.

NEW IN 2025

In addition to the existing statutorily required reports, the following bills were passed in the 2025 session that include reporting to or monitoring by the EAIC:

SB 330: Create a Montana blockchain and digital innovation task force

HB 335: Revise laws related to professional licensing board appointments and reporting requirements

SB 335: Generally revise laws related to dental insurance

Reports that are statutorily required to be submitted to the EAIC are:

OTHER INTERIM ACTIVITIES

MEMBER TOPICS & EMERGING ISSUES

Interim committees may take up other matters related to the agencies and topic areas they oversee. Depending on whether members put greater or less emphasis on their statutory duties related to interim studies and agency monitoring, they have more time to focus on EAIC-relevant member issues.

Members may propose investigation of emerging issues at any time during the interim. Agencies may also request that the Committee study an emerging issue that has resulted from court decisions, federal actions, or another cause.

Emerging issues are not necessarily member issues and may be raised by an agency or by staff. However, to be on the agenda, the presiding officer or other EAIC member must request agenda time. Staff resources are limited, so additions to a work plan must be accompanied by deletions to retain scheduling balance.

Decision Point: It is up to the Committee to decide what member topics to focus on and how much time to allocate in its work plan for these topics.

COMMITTEE BILL DRAFTS

Per 5-5-215, MCA (revised in 2025 with HB 142), Interim committees “shall prepare bills and resolutions that, in its opinion, the welfare of the state may require for presentation to the next regular session of the legislature.” 5-5-215 further states:

“(2) . . . An interim committee may by vote request five bill drafts on a partisan basis and an unlimited number of bill drafts on a bipartisan basis.”

...

(4) As used in this section:

(a) “bipartisan basis” means a vote in which members from more than one party vote to request a bill draft; and

(b) “partisan basis” means a vote in which members from only the majority vote to request a bill draft.”

REVIEW OF PROPOSED BALLOT INITIATIVES

The EAIC is required to review proposed statewide initiatives that relate to its subject area. The Legislature enacted Senate Bill 93 (SB 93) in 2023 to clarify and analyze the review process enacted in House Bill 651 (HB 651) in 2021. The revised law provides that a statewide initiative includes a constitutional initiative, a constitutional convention initiative, or a statutory initiative.

Section 13 of SB 93 requires the interim committee to hold a public hearing on a statewide initiative referred to the committee by the executive director of the Legislative Services Division. The committee then votes to either support or not support the placement of the proposed statewide initiative on the ballot. The petition used to gather

signatures to place the statewide initiative on the ballot must include the interim committee vote. SB 93 applies to statewide initiatives submitted to the secretary of state after May 19, 2023.

The statutory requirement for interim committee review of ballot initiatives is currently being litigated at the Montana Supreme Court. Staff will update the committees when litigation is completed and if the committees have any duties in this area while the case is pending. (Case: *Ellingson v. State*, Montana Supreme Court No. DA 25-0142 (Filed Feb. 18, 2025).)

ALLOCATION OF COMMITTEE TIME

The EAIC meets several times during an interim to work on studies, statutory duties, and member topics. At the end of the interim, the committee will have developed findings and recommendations for one or more reports. The Committee may have also drafted legislation.

Committees sometimes travel outside of Helena to carry out activities either related to a specific study or to the committee's general agency oversight duties. Legislative Council rules state that interim committee meetings are held in the Capitol "unless otherwise designated by the presiding officer." Meetings held outside of Helena generally cost more than those held in Helena because the committee budget must also pay for the costs of staff travel. As a result, the committee may need to hold fewer meetings to accommodate the additional costs of travel if it chooses to hold any meetings outside of Helena.

This agenda may change once the Committee identifies specific studies and member topics. The proposed meeting schedule and work plan timeline below includes several proposed two-day meetings in case the Committee elects to conduct field trips for studies or member topics.

PROPOSED MEETING SCHEDULE

The proposed schedule can be revised if the Committee prefers to hold more or fewer two-day meetings; hold a meeting outside of Helena; or schedule one meeting to coordinate with the interim budget committee meetings.

*On July 22, 2025, the Committee discussed changes to the initial proposed schedule to facilitate member in-person attendance on certain dates and to provide an opportunity to hold a meeting outside of Helena. **The committee has (3) options for a finalized meeting schedule**, reflecting either a schedule with one 2-day meeting in Virginia City (option A), a schedule with one 1-day meeting in Virginia City (option B), or a schedule with no meetings outside of Helena (option C); see pages 19 - 21 for details:*
