**SURVEY CLOSSES AT 12PM
NOON ON FRIDAY, APRIL 10,
2026**

The TIC wants a broad-based perspective on how Montanans and their families utilize various forms of public transportation, both within local communities and for travel across the state.

The information gathered from this survey will play a vital role in helping the TIC assess current transit services and identify areas of improvement. By analyzing community feedback, the committee can **pinpoint gaps in service, evaluate demand** for new or expanded transportation options, and **prioritize enhancements** to existing systems.

Your input will directly inform strategic planning and will ensure that future public transportation initiatives align with the needs of the communities we serve.

We greatly appreciate your time filling out this survey (approx. 10 minutes).

If you have any further comments or questions, please visit the TIC's webpage at:

You can submit public comment in writing, attend TIC meetings virtually, or join the TIC in person in Helena at an interim meeting.
