DATE: March 2, 2025

TO: Members of the 2025 Legislature

FROM: Amy Carlson, Legislative Fiscal Analyst & Director of the Fiscal Division

RE: General Fund Status Report

The first General Fund Status Report is attached. Status Reports like this one, will be calculated and distributed on a regular basis from this point forward through the remainder of session. Bills that have had positive action and meet the status sheet rules are included. The main appropriation bill, HB 2, includes action completed by the Joint Appropriations Subcommittees as of Wednesday, February 26th.

Section 1: The new status sheet format has added the first section as the "Outlook through the 2029 Biennium". The Outlook uses all the years on a fiscal note and focuses on long term sustainability through FY 2029. This page will focus on the structural balance going forward so that the sustainability of the budget is clear to the reader.

Section 2 : The second section of the General Fund Status Report shows comparisons of the HB 2 general appropriations act and the status of the 2027 biennium HB 2 budget as compared to both the 2025 biennium HB 2 budget and the Governor's requested 2027 biennium HB 2 budget.

Section 3: The third section of the Status Report shows all bills that have had positive action and meet the <u>Status Report rules</u>. Please note that at times there are multiple bills that affect a particular item, for example this session there are several bills that affect property tax rates. In this case, the bill with the greatest impact is shown on the status report and other bills are noted but not included in the totals so that the impact is not overstated.

Section 4: The fourth section of the Status Report is the Appropriation Status and shows appropriations and other direct and assumed impacts to the general fund balance through FY 2027. The focus of this section will be to show the status of appropriations and the anticipated ending fund balance at the end of the 2027 Biennium with current appropriations. This sheet does not include items on fiscal notes that have not been appropriated.

The status report is a significant tool of the Legislature to manage the budget. It measures the budget in primarily by two methods: 1) ending fund balance, which measures the amount of funds available for one-time expenditure, cushion for budget shocks like shortfalls in revenue, and cash flow; and 2) structural balance, which determines if ongoing revenues and ongoing expenditures are in balance, thus setting up future budgets to begin in balance.

The Fiscal Division will explain and review the status sheet at noon every day from Monday, March 3^{rd} through Thursday, March 6^{th} in room 114 of the Capitol. Each of these sessions is expected to take about 30 minutes.
