1. *Problem or issue:*

Campaign expenditures can be hidden by "lumping" such expenditures under a "campaign consultant" heading.

2. *Legislation intends to do what?*

Consistent with other aspects of campaign reporting law, this proposal would **require itemization of sub-vendor details** for campaign consultant expenditures.

3. *What section of MCA?*

Title 13; Chapter 37

4. *Funding source?*

No funding required

5. *Previously introduced? Model act?*

A model statute is available, though this is a fairly simple measure.
