Insert: "NEW SECTION. Section 1. Homestead. (1) "Homestead", for the purposes of property taxation, means the owner-occupied dwelling used as the primary dwelling place of the owner. The primary dwelling place is the single place where an individual has a fixed and permanent home and principal establishment and to which whenever the individual is absent the individual has the intention of returning. The homestead may be occupied by any members of the owner's household as their home. The homestead includes appurtenant land not exceeding 5 acres owned or under contract for deed and that is reasonably necessary for the use of the dwelling as a home.

(2) (a) To qualify as a homestead, the property must have been the owner's primary dwelling place on January 1 of the year for which the claim is made and for at least 7 months during the prior year. If the dwelling was owned by the claimant for less than 1 year, the claimant must have resided in the dwelling for a majority of the time that the claimant owned the dwelling.

(b) A primary dwelling that qualifies as a homestead continues to qualify as a homestead if the claimant resides in a health care facility and the owner does not rent or lease the dwelling to others.

(3) (a) For the purposes of this section, a person is considered an owner if the person:

(i) is the grantor, or the person's spouse is the grantor, of a revocable or irrevocable trust owning the property and is named as a beneficiary of the trust; or

(ii) is a partner of a limited partnership, a member of a limited liability company, or a shareholder of a corporation owning the property and the person holds at least a 5% ownership in the limited partnership, limited liability company, or corporation.

(b) A person claiming ownership under subsection (3)(a) shall provide the department with an affidavit setting forth the reasons the person should be considered the owner of the property, and attached to the affidavit must be copies of the appropriate trust or business entity documents indicating the legal basis for the person's ownership interest.

(4) If a property is a single-family dwelling owned by a business, an occupant who is an employee of the business is considered an owner for the purposes of this section.

(5) (a) An owner shall apply for certification of homestead status to the department not later than a date set by the department by rule. On the application, supplied by the department, the owner shall certify that the owner is making an application for a homestead exemption under this section, that the dwelling is the owner's homestead as established in subsections (1) and (2), and that the owner has not made any other application for the exemption on any other residential property.

(b) A homestead exemption remains in effect as long as the homestead property meets the requirements of subsections (1) and (2).

(c) A homestead exemption expires when ownership of the property changes and the property reverts to class four property.

(6) The owner of a homestead and other residential dwellings may elect to have the homestead exemption apply to the owner's primary dwelling place or any one of the owner's other residential dwellings. The homestead exemption may not apply to a dwelling that the owner rents or leases to others."

The president of the senate and the speaker of the house must receive an additional \$5 a day in salary for those days during which the legislature is in session.

(2) Legislators may serve for no salary.

(3) Subject to subsection (4), legislators are entitled to a daily allowance, 7 days a week, during a legislative session, as reimbursement for expenses incurred in attending a session. Expense payments must stop when the legislature recesses for more than 3 days and resume when the legislature reconvenes.

(4) After November 15, and prior to December 15 of each even-numbered year, the department of administration shall conduct a survey of the allowance for daily expenses of legislators for the states of North Dakota, South Dakota, Wyoming, and Idaho. The department shall include the average daily expense allowance for Montana legislators in determining the average daily rate for legislators. The department shall include only states with specific daily allowances in the calculation of the average. If the average daily rate is greater than the daily rate for legislators in Montana, legislators are entitled to a new daily rate for those days during which the legislature is in session. The new daily rate is the daily rate for the prior legislative session, increased by the percentage rate increase as determined by the survey, a cost of living increase to reflect inflation that is calculated pursuant to 15-6-134 [section 8], or 5%, whichever is less. The expense allowance is effective when the next regular session of the legislature in which the legislators serve is convened under 5-2-103.

(5) Legislators are entitled to a mileage allowance as provided in 2-18-503 for each mile of travel to the place of the holding of the session and to return to their place of residence at the conclusion of the session.

(6) In addition to the mileage allowance provided for in subsection (5), legislators, upon submittal of an appropriate claim for mileage reimbursement to the legislative services division, are entitled to:

(a) three additional round trips to their place of residence during each regular session; and

(b) additional round trips as authorized by the legislature during special session.

(7) Legislators are not entitled to any additional mileage allowance under subsection (5) for a special session if it is convened within 7 days of a regular session."

(d) all manufacturing machinery, fixtures, equipment, tools, except a certain value of hand-held tools and personal property related to space vehicles, ethanol manufacturing, and industrial dairies and milk processors as provided in 15-6-201, and supplies except those included in class five;

(k) cable television systems;

(l) coal and ore haulers;

(m) theater projectors and sound equipment; and

(n) all other property that is not included in any other class in this part, except that property that is subject to a fee in lieu of a property tax.

(2) As used in this section, "coal and ore haulers" means nonhighway vehicles that exceed 18,000 pounds per axle and that are primarily designed and used to transport coal, ore, or other earthen material in a mining or quarrying environment.

(3) "Commercial establishment" includes any hotel; motel; office; petroleum marketing station; or service, wholesale, retail, or food-handling business.

(4) Class eight property is taxed at 3% of its market value.

(5) (a) If, in any year beginning with tax year 2004, the percentage growth in inflation-adjusted Montana wage and salary income, in the last full year for which data is available, is at least 2.85% from the prior year, then the tax rate for class eight property will be reduced by 1% each year until the tax rate reaches zero.

(b) The department shall calculate the percentage growth in subsection (5)(a) by using the formula  $(W/CPI) - 1$ , where:

(i) W is the Montana wage and salary income for the most current available year divided by the Montana wage and salary income for the year prior to the most current available year; and

(ii) CPI is the consumer price index for the most current available year used in subsection (5)(b)(i) divided by the consumer price index for the year prior to the most current available year as used in subsection (5)(b)(i).

(c) For purposes of determining the percentage growth in subsection (5)(a), the department shall use the wage and salary data series referred to as the bureau of economic analysis of the United States department of commerce Montana wage and salary disbursements. Inflation must be measured by the consumer price index, U.S. city average, all urban consumers (CPI-U), using the

1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(6) The class eight property of a person or business entity that owns an aggregate of \$5,000 or less in market value of class eight property is exempt from taxation. (Repealed on occurrence of contingency—secs. 27(2), 31(4), Ch. 285, L. 1999.)"

- (b) the first \$100,000 or less of the taxable market value of any homestead improvement on real property, including trailers, manufactured homes, or mobile homes, and appurtenant land not exceeding 5 acres owned or under contract for deed and actually occupied for at least 7 months a year as the primary dwelling place of any person whose total income from all sources, including net business income and otherwise tax-exempt income of all types but not including social security income paid directly to a nursing home, is not more than \$15,000 for a single person or \$20,000 for a married couple or a head of household, as adjusted according to subsection (2)(b). For the purposes of this subsection (1)(b), net business income is gross income less ordinary operating expenses.

(2) (a) Except as provided in subsection (2)(b), class eleven property is taxed at the taxable percentage rate applicable to class four property as provided in 15-6-134(2)(a).

(b) (i) Property qualifying under the property tax assistance program in subsection (1)(b) is taxed at the rate provided in subsection (2)(a) of its taxable market value multiplied by a percentage figure based on income and determined from the following table:

Income		Percentage
Single Person	Married Couple Head of Household	Multiplier
\$0 - \$ 6,000	\$0 - \$8,000	20%
6,001 - 9,200	8,001 - 14,000	50%
9,201 - 15,000	14,001 - 20,000	70%

(ii) The income levels contained in the table in subsection (2)(b)(i) must be adjusted for inflation annually by the department. The adjustment to the income levels is determined by:

(A) multiplying the appropriate dollar amount from the table in subsection (2)(b)(i) by the ratio of the PCE for the second quarter of the year prior to the year of application to the PCE for the second quarter of 1995; and

(B) rounding the product thus obtained to the nearest whole dollar amount.

(iii) "PCE" means the implicit price deflator for personal consumption expenditures as published quarterly in the Survey of Current Business by the bureau of economic analysis of the U.S. department of commerce."

(b) for a general and uniform method of appraising city and town lots;

(c) for a general and uniform method of appraising rural and urban improvements;

(d) for a general and uniform method of appraising timberlands.

(2) All lands must be classified according to their use or uses and graded within each class according to soil and productive capacity. In the classification work, use must be made of soil surveys and maps and all other pertinent available information.

(3) All lands must be classified by parcels or subdivisions not exceeding 1 section each, by the sections, fractional sections, or lots of all tracts of land that have been sectionized by the United States government, or by metes and bounds, whichever yields a true description of the land.

(4) All agricultural lands must be classified and appraised as agricultural lands without regard to the best and highest value use of adjacent or neighboring lands.

(5) In any periodic revaluation of taxable property completed under the provisions of 15-7-111, all property classified in 15-6-134 and [section 8] must be appraised on the taxable portion of its market value in the same year. (2) (a) Market value is the value at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts.

(b) If the department uses construction cost as one approximation of market value, the department shall fully consider reduction in value caused by depreciation, whether through physical depreciation, functional obsolescence, or economic obsolescence.

(c) If the department uses the capitalization of net income method as one approximation of market value and sufficient, relevant information on comparable sales and construction cost exists, the department shall rely upon the two methods that provide a similar market value as the better indicators of market value.

(d) Except as provided in subsection (3), the market value of special mobile equipment and agricultural tools, implements, and machinery is the average wholesale value shown in national appraisal guides and manuals or the value before reconditioning and profit margin. The department shall prepare valuation schedules showing the average wholesale value when a national appraisal guide does not exist.

(3) The department may not adopt a lower or different standard of value from market value in making the official assessment and appraisal of the value of property, except:

(a) the wholesale value for agricultural implements and machinery is the average wholesale value category as shown in Guides 2000, Northwest Region Official Guide, published by the North American equipment dealers association, St. Louis, Missouri. If the guide or the average wholesale value category is unavailable, the department shall use a comparable publication or wholesale value category.

(b) for agricultural implements and machinery not listed in an official guide, the department shall prepare a supplemental manual in which the values reflect the same depreciation as those found in the official guide; and

(c) as otherwise authorized in Titles 15 and 61.

(4) For purposes of taxation, assessed value is the same as appraised value.

(5) The taxable value for all property is the percentage of market or assessed value established for each class of property.

(6) The assessed value of properties in 15-6-131 through 15-6-134, 15-6-143, and 15-6-145 is as follows:

(a) Properties in 15-6-131, under class one, are assessed at 100% of the annual net proceeds after deducting the expenses specified and allowed by 15-23-503 or, if applicable, as provided in 15-23-515, 15-23-516, 15-23-517, or 15-23-518.

(b) Properties in 15-6-132, under class two, are assessed at 100% of the annual gross proceeds.

(c) Properties in 15-6-133, under class three, are assessed at 100% of the productive capacity of the lands when valued for agricultural purposes. All lands that meet the qualifications of 15-7-202 are valued as agricultural lands for tax purposes.

(d) Properties in 15-6-134, under class four, are assessed at the applicable percentage of market value minus any portion of market value that is exempt from taxation under 15-6-201(1)(z) and (1)(aa).

(e) Properties in 15-6-143, under class ten, are assessed at 100% of the forest productivity value of the land when valued as forest land.

(f) Railroad transportation properties in 15-6-145 are assessed based on the valuation formula described in 15-23-205.

(7) Land and the improvements on the land are separately assessed when any of the following conditions occur:

(a) ownership of the improvements is different from ownership of the land;

(b) the taxpayer makes a written request; or

(c) the land is outside an incorporated city or town.""

(1) One-half of the taxes are payable on or before 5 p.m. on November 30 of each year or within 30 days after the tax notice is postmarked, whichever is later, and one-half are payable on or before 5 p.m. on May 31 of each year.

(2) Unless one-half of the taxes are paid on or before 5 p.m. on November 30 of each year or within 30 days after the tax notice is postmarked, whichever is later, the amount payable is delinquent and draws interest at the rate of 5/6 of 1% a month from and after the delinquency until paid and 2% must be added to the delinquent taxes as a penalty.

(5) A taxpayer may pay current year taxes without paying delinquent taxes. The county treasurer shall accept a partial payment equal to the delinquent taxes, including penalty and interest, for one or more full taxable years, provided that taxes for both halves of the current tax year have been paid. Payment of taxes for delinquent taxes must be applied to the taxes that have been delinquent the longest. The payment of taxes for the current tax year is not a redemption of the property tax lien for any delinquent tax year.

(6) The penalty and interest on delinquent assessment payments for specific parcels of land may be waived by resolution of the city council. A copy of the resolution must be certified to the county treasurer.

(7) If the department revises an assessment that results in an additional tax of \$5 or less, an additional tax is not owed and a new tax bill does not need to be prepared."

Insert: "NEW SECTION. Section 1. Extended property tax assistance — phasein. (1) For the purpose of mitigating extraordinary market value increases during the revaluation cycle that ended December 31, 2002, the rate of taxation of class four residential dwellings and appurtenant land not to exceed 5 acres otherwise set in 15-6-134(2)(a) is adjusted in this section for properties with extraordinary increases in market value.

(2) A rate adjustment may not be granted for:

(a) any property that was sold or for which the ownership was changed after December 31, 2002, unless the change in ownership is between husband and wife or parent and child with only nominal actual consideration or the change is pursuant to a divorce decree;

(b) the value of new construction, including remodeling, on the property occurring after December 31, 2002, that is greater than 25% of the market value of the improvements; or

(c) a land use change occurring after December 31, 2002, that increases the market value of the land by more than 25%.

(3) For the purposes of determining the adjustment in the class four property tax rate in this section, the following provisions apply:

(a) The taxable value before reappraisal is the 2002 tax year value adjusted for any new construction or destruction that occurred in tax year 2002. The taxable value before reappraisal for the 2003 tax year and subsequent years is the same as the 2002 tax year value if no new construction, destruction, land splits, land use changes, land reclassifications, land productivity changes, improvement grade changes, or other changes are made to the property during 2002 or subsequent tax years.

(b) The percentage increase in taxable value is measured as the percentage change in taxable value before reappraisal to the taxable value after reappraisal. The taxable value before reappraisal is calculated by multiplying the value before reappraisal in 2003 times 0.69 times 0.0346. The taxable value after reappraisal is calculated by multiplying the 2003 market value after reappraisal times 0.66 times 0.0301.

(c) The dollar increase in tax liability is measured as the change in tax liability before reappraisal to the tax liability after reappraisal. The tax liability before reappraisal is calculated by multiplying the value before reappraisal in 2003 times 0.69 times 0.0346 times the tax year 2002 mill levy applied to the property. The tax liability after reappraisal is calculated by multiplying the 2003 market value after reappraisal times 0.66 times 0.0301 times the tax year 2002 mill levy applied to the property. The tax year 2002 mill levy is the total of all mills applied to the property for fiscal year 2003.

(d) The phase-in value is the valuation change made pursuant to 15-7-111(3) since the last reappraisal.

(4)(a) If the percentage increase in taxable value is greater than 36%, and the dollar increase in taxable liability is \$250 or greater, then the property qualifies for an adjusted tax rate as follows:

(i) For tax year 2003, the tax rate is 0.03668 times the value before reappraisal divided by the 2003 phase-in value.

(ii) For tax year 2004, the tax rate is 0.03898 times the value before reappraisal divided by the 2004 phase-in value.

(iii) For tax year 2005, the tax rate is 0.04143 times the value before reappraisal divided by the 2005 phase-in value.

(iv) For tax year 2006, the tax rate is 0.04392 times the value before reappraisal divided by the 2006 phase-in value.

(v) For tax year 2007, the tax rate is 0.04646 times the value before reappraisal divided by the 2007 phase-in value.

(vi) For tax year 2008 and after, the tax rate is 0.04919 times the value before reappraisal divided by the 2008 phase-in value.

(b) The adjusted tax rate computed under this subsection (4) must be rounded to the nearest one-hundredth of 1%."

(1) The amount of guaranteed tax base aid per ANB that a county may receive in support of the retirement fund budgets of the elementary school districts in the county is the difference between the county mill value per elementary ANB and the statewide mill value per elementary ANB, multiplied by the number of mills levied in support of the retirement fund budgets for the elementary districts in the county.

(2) The amount of guaranteed tax base aid per ANB that a county may receive in support of the retirement fund budgets of the high school districts in the county is the difference between the county mill value per high school ANB and the statewide mill value per high school ANB, multiplied by the number of mills levied in support of the retirement fund budgets for the high school districts in the county.

(3) The amount of guaranteed tax base aid that a district may receive in support of up to 35.3% 15% of the basic entitlement, up to 35.3% 15% of the total per-ANB entitlement budgeted within the general fund budget, and up to 40% of the special education payment is calculated in the following manner:

(a) multiply the sum of the district's BASE budget amount less direct state aid by the corresponding statewide guaranteed tax base ratio;

(b) subtract the taxable valuation of the district from the product obtained in subsection (3)(a); and

(c) divide the remainder by 1,000 to determine the equivalent to the dollar amount of guaranteed tax base aid for each mill levied.

(4) Guaranteed tax base aid provided to any county or district under this section is earmarked to finance the fund or portion of the fund for which it is provided. If a county or district receives more guaranteed tax base aid than it is entitled to, the excess must be returned to the state as required by 20-9-344."

Insert: "Section 1. Section 15-1-402, MCA, is amended to read:

"15-1-402. Payment of taxes under protest. (1) The person upon whom a property tax or fee is being imposed under this title may, before the property tax or fee becomes delinquent, pay under written protest that portion of the property tax or fee protested. The protested payment must:

(a) be made to the officer designated and authorized to collect it;

(b) specify the grounds of protest; and

(c) not exceed the difference between the payment for the immediately preceding tax year and the amount owing in the tax year protested unless a different amount results from the specified grounds of protest, which may include but are not limited to changes in assessment due to reappraisal under 15-7-111.

(2) A person appealing a property tax or fee pursuant to chapter 2 or 15 shall pay the tax or fee under protest when due in order to receive a refund. If the tax or fee is not paid under protest when due, the appeal may continue but a tax or fee may not be refunded as a result of the appeal.

(3) If a protested property tax or fee is payable in installments, a subsequent installment portion considered unlawful by the state tax appeal board need not be paid and an action or suit need not be commenced to recover the subsequent installment. The determination of the action or suit commenced to recover the first installment portion paid under protest determines the right of the party paying the subsequent installment to have it or any part of it refunded to the party or the right of the taxing authority to collect a subsequent installment not paid by the taxpayer plus interest from the date the subsequent installment was due.

(4)(a) All Except as provided in subsection (4)(b), all property taxes and fees paid under protest to a county or municipality must be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as a protest fund and must be retained in the protest fund until the final determination of any action or suit to recover the taxes and fees unless they are released at the request of the county, municipality, or other local taxing jurisdiction pursuant to subsection (5). This section does not prohibit the investment of the money of this fund in the state unified investment program or in any manner provided in Title 7, chapter 6. The provision creating the special protest fund does not apply to any payments made under protest directly to the state.

(b) (i) Property taxes that are levied by the state must be remitted by the county treasurer to the state treasurer.

(ii) The state treasurer shall deposit that portion of the funds levied pursuant to 15-10-107 in the state special revenue fund. The remainder of the funds must be deposited in the state general fund.

(5) The governing board body of a taxing jurisdiction affected by the payment of taxes under protest in the second and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled, except the amount paid by the taxpayer in the first year of the protest. The decision in a previous year of a taxing jurisdiction to leave protested taxes in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled, except the first-year protest amount.

(6) (a) If action before the county tax appeal board, state tax appeal board, or district court is not commenced within the time specified or if the action is commenced and finally determined in favor of the department of revenue, county, municipality, or treasurer of the county or the municipality, the amount of the protested portions of the property tax or fee must be taken from the protest fund and deposited to the credit of the fund or funds to which the property tax belongs, less a pro

rata deduction for the costs of administration of the protest fund and related expenses charged to the local government units.

(b) (i) If the action is finally determined adversely to the department of revenue, a county, a municipality, or the treasurer of a county or a municipality, then the treasurer shall, upon receiving a certified copy of the final judgment in the action from the state tax appeal board or from the district or supreme court, as appropriate, if the final action of the state tax appeal board is appealed in the time prescribed, refund to the person in whose favor the judgment is rendered the amount of the protested portions of the property tax or fee deposited in the protest fund, and not released pursuant to subsection (5), as the person holding the judgment is entitled to recover, together with interest from the date of payment under protest, at the greater of:

(i) the rate of interest generated from the pooled investment fund provided for in 17-6-203 for the applicable period; or

(ii) 6% a year governmental entity levying the tax, then the treasurer of the municipality, county, or state entity levying the tax shall, upon receipt of a certified copy of the final judgment in the action and upon expiration of the time set forth for appeal of the final judgment, refund to the person in whose favor the judgment is rendered the amount of the protested portions of the property tax or fee that the person holding the judgment is entitled to recover, together with interest from the date of payment under protest.

(ii) The taxing jurisdiction shall pay interest at the rate of interest generated from the pooled investment fund provided for in 17-6-203 for the applicable period.

(c) If the amount retained in the protest fund is insufficient to pay all sums due the taxpayer, the treasurer shall apply the available amount first to tax repayment, then to interest owed, and lastly to costs.

(d) If the protest action is decided adversely to a taxing jurisdiction and the amount retained in the protest fund is insufficient to refund the tax payments and costs to which the taxpayer is entitled and for which local government units are responsible, the treasurer shall bill and the taxing jurisdiction shall refund to the treasurer that portion of the taxpayer refund, including tax payments and costs, for which the taxing jurisdiction is proratably responsible.

(e) In satisfying the requirements of subsection (6)(d), the taxing jurisdiction is allowed not more than 1 year 10 years from the beginning of the fiscal year following a final resolution of the protest for property centrally assessed pursuant to 15-23-101 and not more than 1 year for all other property. The taxpayer is entitled to interest on the unpaid balance at the greater of the rates rate referred to in subsections (6)(b)(i) and (6)(b)(ii) subsection (6)(b) from the date of payment under protest until the date of final resolution of the protest and at the combined rate of the federal reserve discount rate quoted from the federal reserve bank in New York, New York, on the date of final resolution, plus four two percentage points, from the date of final resolution of the protest until refund is made.

(7) A taxing jurisdiction may satisfy the requirements of this section by use of funds from one or more of the following sources:

(a) imposition of a property tax to be collected by a special tax protest refund levy;

(b) the general fund or any other funds legally available to the governing body; and

(c) proceeds from the sale of bonds issued by a county, city, or school district for the purpose of deriving revenue for the repayment of tax protests lost by the taxing jurisdiction. The governing body of a county, city, or school district is authorized to issue the bonds pursuant to procedures established by law. The bonds may be issued without being submitted to an election. Property taxes may be levied to amortize the bonds.

(8) If the department revises an assessment that results in a refund of taxes of \$5 or less, a refund is not owed."
