

2001 Committee Minutes are named by date of the hearing plus the committee code.

For example, for file 010104BUH_Hm1.pdf, the first 2 digits represents the year [2001], the next 2 digits represents the month [01; i.e., January], and the last 2 digits is the day of the month [04]. The next 3 characters represent the committee code, in this example, "BUH".

Looking at the code to committee cross-reference below, you can see BUH is the code for the House Business and Labor Committee.

Minutes for Conference Committees and Free Conference Committees also include the bill number in the file name. For example, 010323SB0004CCS_Sm1.pdf is the minutes for the Conference Committee hearing on SB0004 which took place on March 23, 2001.
